

NEW *Jacobsen* LEAF MILL

Solves your leaf disposal problem

The new Jacobsen 30-inch Leaf Mill is the answer to your annual leaf disposal problem — both around the clubhouse and on the course itself.

This rugged, self-propelled machine, powered with a 6 hp. engine, picks up leaves, grinds them into small particles and drops them back into the grass, making an excellent mulch and fertilizer.

The Leaf Mill saves time, money and man power. One user reports his Leaf Mill actually replaced ten men with rakes and two trucks for hauling leaves away.

Ask your Jacobsen dealer for a demonstration. You'll be convinced that this is the machine for your course.

Likes 50%
natural organic of
AGRICO FOR TURF

Above — Harold Price, Superintendent of Lu Lu Temple Country Club, North Hills, Pa.

"I find that the 50% natural organic nitrogen content of **AGRICO FOR TURF** tends to maintain a better, greener color and generally healthier grass all summer long," writes Harold Price, Superintendent of Lu Lu Temple Country Club, North Hills, Pa. "And I find that Agrico spreads without difficulty under any of the abnormal conditions that you can run into."

Mr. Price gives us his formula for growing and maintaining the superb greens and fairways for which his club is noted:

"I use **AGRICO FOR TURF** on both greens — 20 lbs. per 1000 sq. ft. at a time — and fairways — 500 lbs. per acre as late as June if weather will not permit earlier dressing.

You can use Agrico in temperatures as high as 85 to 90 degrees in the middle of June."

Order Agrico now — it's America's premier Golf Course fertilizer — contains both organic* and inorganic plant foods. Ask your regular supplier or write to **The AMERICAN AGRICULTURAL CHEMICAL CO., 50 Church Street, New York 7, N. Y.**

*Organic derived from AGRINITE, the 100% Organic Plant Food.

BRITAIN'S FINEST!

ATCO Greens Mowers for

- Lighter weight
- Greater dependability
- Easier operation

Lighter! ... Faster! ...

ATCO 17- and 20-inch Greens Mowers are under two-thirds the weight of domestic mowers, minimizing turf compaction. Yet their steady, even balance means smoother cutting on greens, aprons and tees at any desired speed.

ATCO Reputation! ATCO Greens Mowers are used at North Berwick, Royal Belfast and other famed British courses. Over 150,000 ATCO Power Mowers are now on the job — *more than half* of the 1921 models are still working.

Simple to use! Finger-tip clutch and speed controls. Hi-Speed 9-blade shock resistant reel allows up to 34 close clips per foot. Sheffield Steel blades stay sharp. Metal-to-metal cone clutch means smoother take-offs, easier, trouble-free operation at all times.

SERVICE Parts Available. For the name of the ATCO sales and service dealer in your locality, write to:

Rutledge CADDY SAVER Today's Best Golf Cart

Sells for
only
\$2895

Here's a good money maker for pros and golf shops — a cart that sells on sight!

1. Accommodates any style bag.
2. Opens and closes in a jiffy.
3. Light weight.
4. Rolls easily on silent, ball-bearing wheels when open or closed.
5. Strong. Precision built for long service.
6. Priced right.

Beckley-Ralston CHIPPER

It's the biggest selling "extra" club made and one of the famous square-grip short iron Stroke Savers. This Chipper is made specifically for pitch, run and chip shots within 50 yards of the green. It's 33" long and has practically no sole, permitting the club face to extend far under the ball. Gives golfers directional accuracy not possible with any other club.

LARGE REPLACEMENT MARKET

Beckley-Ralston is one of the oldest and most honored names in golf. Over 1,000,000 of their Stroke Savers are in use—wearing out. Display the Chipper, Putter and Approach Cleek—then watch them sell! Nationally advertised \$9.95 each.

RUTLEDGE PUTTER, the perfect pendulum type with square grip \$9.95.

WALLOPER, the iron driver for players who have difficulty using woods, \$12.50.

TRAP SHOOTER, \$10.95.

with Cary Middlecoff in the World's championship repeated Jay's demonstration in winning the National Open as the greatest master of the fine art of scrambling I've ever seen . . . Hagen discovered that art and made obsolete the old orthodox scoring procedure . . . Boros won the Open by being out of a trap-and-down-in-2 more than a dozen times . . . He and Doc were even to the 15th in the World's championship . . . Boros was in a green trap to the left with his second, blasted out and holed a 3-footer . . . Doc took three from the short rough to the right and about 5 yds. short of the green . . . On the 16th Boros knocked his tee-shot in a trap to the right and holed a 5-footer for his par . . . Middlecoff was on and 3-putted from about 30 ft. . . . Those 2 holes made the difference between first money of \$25,000 and 2nd of \$12,500.

This spring Boros was about ready to quit the tournament circuit, discouraged . . . One talking-to by girls who were dear friends of his wife's brought him out of the deep despondency he'd been in since Button's passing . . . Tommy Armour advised Boros to change his tactics, let the long shots fly instead of trying to pin-point them, and make use of his marvelous trap shots by going boldly for the pin . . . Armour also counseled Boros to putt boldly

It's an Umbrella!

MAX FAULKNER
(British Open Golf
Champion) says:

"...undoubtedly one of the most sensible items of golfing equipment I have ever seen"

It's a Seat-Stick!

It's the FEATHERWATETM Umbrella Seat-Stick

At last, a walking stick, a comfortable transportable seat, and a full-sized umbrella all in one. Many styles available with gay colored panels; plain green, maroon or black, or Tartan covering. Luxury models with leather sling seat.

"FEATHERWATE" SEAT-STICKS

Several styles with all-metal or leather seats in various colors or Tartan design. Made in rustless lightweight alloys. There is a "Featherwate" for every member of the family—including junior!

A "Featherwate" Seat-Stick is a must for all American Sportsmen and Women.

and get his putts up as he never was much off line . . . Incidentally, another turn or two of Boros' first putt on the 72d hole and there'd have been no play-off.

Strange thing about the play-off, Middlecoff picked up on the 18th green without holing out . . . No chance for Doc to tie after Jay had holed his putt . . . Jim Ferrier came out of what he said was the worst 7 months of putting he'd had since playing competitive golf, to tie Roberto De Vicenzo for 2d at 277, a stroke behind Boros and Middlecoff . . . But Jim must have thought that Ol' Debbil Putter did him dirty when, after the longest study ever given a putt, Jim missed a slippery side-hill 5-footer to tie on the 72d.

De Vicenzo came close enough to show us Yanks what might happen if many more of the foreign talent got a lot of American tournament circuit experience . . . After Roberto only Mario Gonzales (tied for 21st), Norman Von Nida (tied for 28th) and Eric Brown (tied for 35th) were foreigners in the money . . . Dates for 1953 Ryder Cup matches set for Friday and Saturday, Oct. 2 and 3, at West course of Wentworth GC, near London.

Bill Hagedorn, golf writer for Covington (Ky.) Post is hailed by supts. and pros for his column explaining why high heat and humidity prolonged for weeks has damaged "virtually every green within the

CLOVER KIL

• • •

An aid to better turf!

Niagara Clover Kil is an endo-thal formulation especially designed for the selective and effective control of white clover in golf course turf. It is now available for preferred Fall applications.

Niagara Clover Kil has been extensively tested and its white clover eradication properties have been thoroughly proved. It was first reported in New York State Turf Association Bulletin Nos. 26 and 27, June 1951. Get Niagara Clover Kil from your local supply house or write us for full information.
