

"Man...what a golf bag!"

PAR-BAG DELUXE

the finest ever made... regardless of price!

"Step-down Keystone top ring carries up to 18 clubs! And look at these metal-reinforced, padded club-dividers, this holder for large umbrellas!"

"It's beautiful! Top-grain cowhide, harness leather trim... color-fast and waterproof too!"

"I go for this sponge-rubber lined, wool-padded shoulder sling! And this saddle brace gives it perfect balance, distributes the weight for easy carrying!"

"Copper rivets throughout, solid brass locks on all pockets. Brass hardware too!"

"It's rugged too! Shock-resistor steel bottom ring protects it on carts, the molded rubber, non-skid bottom is guaranteed to outwear the bag... and these three steel stays keep it in shape always!"

"I'm sold on this full-length locker pocket with tee, glove and accessory pocket, and on the pilfer proof, detachable zipper traveling hood stored inside. And look at the size of the ball-storage pocket!"

Scarlet or kelly-green cowhide with saddle russet trim. **\$75** Same model in Saran, duck, dobby weave nylon, or vinyl-coated fabric (all in smart plaids or solid shades, all color-fast and waterproof). **\$50**

Other Par-Bag models for men and women as low as \$6.95.

**AIDS IN SELLING
Kenneth Smith Clubs**

Same size Glove, but...

Yes, two men may wear a size 9½ glove, but one will have long, slender fingers and the other will have short, stubby fingers. Leather stretches and one size glove will fit both men. Golf clubs, however, do not stretch.

More and more golfers are turning to Kenneth Smith woods and irons because they realize the need for clubs made to fit their physical characteristics . . . their natural swing. Kenneth Smith clubs are handmade to fit your customer's individual measurements, scientifically matched and all clubs in a set identically swing balanced. No other clubs are so made and so balanced. Why don't **you** sell more Kenneth Smith clubs?

PROS: Write for my new booklet that helps you sell my clubs, "Handmade to Fit You".

Here is the
Shower Head that's
**AUTOMATICALLY
SELF-CLEANING**
each time it's used
NO CLOGGING • NO DRIPPING

There is no shower head like the new SLOAN Act-O-Matic. The exclusive feature which sets it apart from all others is its *automatic self-cleaning action*. The unique spray disc moves downward into shower position when the water is turned ON. A cone-within-cone spray of maximum efficiency is delivered. When the water is turned OFF the disc is moved upward, draining the head instantly.

Because the water is completely removed, the Act-O-Matic SHOWER HEAD does not clog or lime up, and therefore it will not deliver irregular or distorted spray patterns. The Act-O-Matic is also economical in use. It saves water, fuel and maintenance service. (Institutional models available.)

.... You can have
Healthy Greens-Uniform Growth
with **FER-MEL**

Many Golf Course Superintendents that are now using FER-MEL for the fourth year know this—the number of new users is rapidly increasing. They agree—there is nothing like FER-MEL for summer feeding greens.

Start NOW with your worry-free summer feeding program. Place your order now, with your FER-MEL distributor, for your summer supply of FER-MEL.

1,000 lbs. will adequately feed 18 greens all summer, supplying 2.5 lbs. N per 1,000 sq. ft. — plus balanced ratio of P and K — plus secondary and minor elements. Liquid feeding with economy.

Send for these free FER-MEL Bulletins:

- Summer Feeding Bent Greens.
- Growth Control—What Is It?
- Fertilizer Cost Analyses.
- Chemical Calculations in Turf Management.

One of your local Golf Supply Distributors is a FER-MEL distributor. For name of your nearest FER-MEL distributor write to:

PMAS

The proven
**HERBICIDE-
FUNGICIDE**

"Crabgrass Doesn't Live Here Anymore"

says CLEM COBLE, Superintendent,
BROADMOOR COUNTRY CLUB, INDIANAPOLIS, IND.
"PMAS is the best investment we ever made in turf protection . . . not only did we lick the Crabgrass but all sorts of disease took the count when we started regular applications of PMAS. We came through the very difficult 1952 summer with perfect greens and fairways when there was trouble all around us. . . ."

Start continuous weekly applications of PMAS now — 1 oz. to 1,000 sq. ft. of putting green area — for best control of Crabgrass, Copper Spot, Dollar Spot, Brown Patch and various types of Helminthosporium and Curvalaria fungus blights (melting out, fading out, going out).

TURF that Speaks for Itself!

SEIGNIORY CLUB IN CANADA RELIES ON MILORGANITE

People from all parts of the United States and Canada visit the Seignior Club, in summer to play golf and in winter to curl. It is part of a large recreational area on the Ottawa River between Montreal and Ottawa.

Jack Campbell grows grass in the summer and supervises the ice rinks in the winter. When he took charge, fairways were plantain and clover mostly, and turf on the greens was hard to keep. Today fairways, greens and tees are exceptionally fine, as good as on any course.

Each year Campbell uses a carload or more of Milorganite.

The services of our staff agronomists and soil testing laboratory are available, with limitations, for the asking. For further information write:

Turf Service Bureau

Spike-Disc
No. 30

Available with two
handles for two man
operation—No. 32
Tractor type
temporarily withdrawn.

Aerate with a SPIKE-DISC

The inexpensive Dunham Spike-Disc consists of two rows of discs armed with long knife-like blades. It cultivates and aerates in one simple operation. Regular use of the Spike-Disc will give you healthy beautiful greens.

The knife-like blades of the Spike-Disc cut unnoticeable slots to the root areas allowing moisture to go down where it will do the most good. The Spike-Disc leaves no ugly holes or dirt plugs on the green.

Manufactured by Ohio Machine Products, Inc. Columbus, Ohio
Manufacturers of the Dunham Hand and Fairway Water-Weight Rollers.
