

Jacobsen

power mowers are

“AT HOME” ON THE
GOLF COURSE

JACOBSEN LAWN KING

26-inch cutting width.
Side-wheel type for speed and
hillside stability.

- New 2¼ hp. Jacobsen Engine.
- Automatic Recoil Starter.
- Separate Reel and Traction Clutches.
- Auto-type Differential for Easy Turning.
- Riding Sulky Available.

JACOBSEN ESTATE 24

24-inch cutting width.
Rear drive allows
close trimming.

There's a big difference between the once-a-week cutting of the home lawn and the all-day, everyday demands on the commercial mower. That's why more and more golf courses are standardizing on Jacobsen for cutting tees, approaches and clubhouse lawns.

Like the famous Greensmower, all Jacobsen power mowers are built to handle tough commercial jobs, and the records they have established through years of service are proof of their design and quality.

Ask your Jacobsen dealer to show you why Jacobsen is the first choice on the tough jobs.

Jacobsen
MANUFACTURING COMPANY
RACINE, WISCONSIN

The famous Buckner Turf King Sprinklers—the standard since 1912 for economical, dependable and trouble-free turf watering.

Economical, Trouble-free Golf Course Watering

No golf course watering problem is too tough for Buckner sprinklers. A wide range of performance to choose from. Each item developed to do particular jobs efficiently. Buckner's Perfect Curtain of Water is your assurance of uniform distribution without waste.

Buckner dealers offer a complete service from individual units to permanently installed systems. Write for complete information.

REDUCE SHARPENING COSTS!

with a

SIMPLEX

Portable Lapping Machine

\$69⁵⁰

Complete with 1/3 H.P. Motor and reversing switch

This compact, portable Simplex Lapping Machine will recondition with lapping compound any reel-type hand, power, or gang mower.

Keeps them in top cutting condition between grinding jobs. Just carry the Simplex out to the mower and use it right on the grass! Can

be used on a bench or on the floor too. Couples to either side of a mower. Gang mowers need not be unhitched. Drive shaft is adjustable from 3" to 17" and runs either direction at the flick of a switch. No noisy gears—operation is quiet, simple, dependable. Write today for illustrated, descriptive folder.

The FATE-ROOT-HEATH CO. Dept. G-5-S, Plymouth, Ohio

"Our ATCO Mowers give a closer, even cut...and cost less to operate"

says Herman Dietz, Greens Superintendent,
Manakiki Country Club, Willoughby, Ohio.

Helped by his lineup of steady-working ATCO Greens Mowers, Mr. Dietz and his staff will have the Manakiki Course in top condition for the "\$15,000 Carlings Open Tournament" to be held the week of June 22.

On greens, aprons and tees, ATCO Mowers are doing a man-size job quickly and efficiently at Manakiki. At your course, too, ATCO for 1953 has the features that assure better performance at lowest cost:

"Keeping our 18-hole layout in the 'pink' requires a mower that's simple to use . . . and plenty durable. That's why my staff prefers ATCO."

Before ordering any greens mower, check the 1953 ATCO line feature by feature with other makes. For name and address of your nearest ATCO dealer, write:

- **LOWER COST.** Britain's most famous mower is priced \$60 to \$80 *below* other makes.
- **EASY OPERATION.** The ATCO 20" model is less than $\frac{2}{3}$ the weight of competitive models. Perfect balance and steadiness mean easy cutting at all speeds. Nine-reel blade gives 34 close cuts per foot. Reel clutch stops cutter revolving when moving between greens.
- **LOWEST UPKEEP.** Simply constructed to keep repair costs down. Special reel construction gives unusual resistance to shock. Sheffield steel blades *stay* sharp for seasons.
- **RELIABILITY.** More than half the ATCO Mowers sold in 1921 are still on the job . . . *sure* proof of ATCO durability.

**It's the Roseman
Gang Mower that
saves labor and im-
proves your fairways.**

Are Your Fairways Smooth, Uniformly Cut?

**New ROSEMAN
Rear-Wheel-Drive
Gang Mower Model**

Now available for wheel mower advocates. Mows faster without kicking up in the rear like a hand mower. Less time required to mow. More uniformly cut fairways.

- **Improved Fairways**
- **Lower Maintenance**

Smooth uniformly cut putting green surfaces are the result of mowing with roller-type greens mowers. This same desirable quality can be had in your fairways by using Roseman Hollow-Roller-Drive Gang Mowers. Give your fairways putting-green-like smoothness.

Roseman Gang Mowers are proven to last longer. Top quality and provision in design for low cost replacement of all wearing surfaces make it unnecessary to discard or replace many costly parts. Added length of life means less depreciation—lower cost each and every year.

It will pay you to look into the advantages of Roseman Mowers.

"Cultivating Action" an AERIFIER* Feature

The Aerifier stirs the maximum amount of soil at each cultivation. Movement of the open spoons beneath the surface provides effective root zone cultivation.

"Cultivating action" affects soil three ways. Open spoons scoop out soil so surrounding packed soil has room to expand. Openings from surface to root zone admit water, air and fertilizer. Movement of the spoons loosens the walls of the openings so growing roots can penetrate into the surrounding soil. It's the roots growing into the soil that count.

When you spend time aerifying, do it the right way — use the Aerifier.

GOOD GREENS AND TEES ALL SEASON

Experts all over the country are finding green and tee trouble stem from hard packing.

Bent roots must have oxygen and they can't get it thru a hard, fine packed top layer.

The answer is the use of a uniform coarse sand that is clean and free from hard packing fines. Spike tooth the green, clean, apply uniform coarse sand and drag.

We'll ship anywhere — bagged or bulk

Men Who KNOW Specify **MILORGANITE** for Better Turf!

Greenkeeping Superintendents, who know the score when it comes to the successful development and maintenance of exceptional greens and good fairway turf, specify and use more MILORGANITE than any other fertilizer. A carload a year usually takes care of the requirements for a well-kept 18-hole course.

MILORGANITE produces vigorous, healthy, weed- and drought-resistant turf that keeps your Club membership and guests both happy and enthusiastic.

The services of our Agronomists and Soil Testing Laboratory are available for the asking.
