

Rotary snow plow which exhaustive tests okd for a heavy production schedule. It's a low-cost sidewalk-size machine that will prove a labor saver where clubhouse remains open in winter.

Other changes in the Jacobsen line include a newly designed 18-inch rotary mower and a self-propelled 20-inch rotary. Added to the line are an 18-inch electric rotary and a 20-inch manually operated rotary mower.

#### **WM. RECTOR ELECTED TRUE-TEMPER HEAD**

Wm. Rector has been elected pres., True Temper Corp., Cleveland, succeeding his father, the late Walter Rector.

Prior to his election Bill had been executive vp of the company and before that had been manager of the company's Charleston, W. Va., plant, the largest of True Temper's factories.

Bill Rector is widely known in the golf business and like his father was, a low-handicap week-end golfer.

#### **WORTHINGTON TO PRODUCE NEW GOLF BALL FOR LADIES ONLY**

James Brydon, vp., the Worthington Ball Co., Elyria, Ohio, reports an exceptionally good season on the company's pro line of golf balls. For 1954, in addition to construction improvements in their pro line, particularly the Sweet Shot line, Worthington will produce a new golf ball for ladies only. "Lady Diana" is the name of the new ball and its production is at the request of golf professionals after a careful survey. Of suitable compression for women players, it will be of a tension that assures liveliest response. "Lady Diana" will retail at 85 cents.

#### **KENNETH SMITH TO GIVE SENIORS' CLUB NEEDS SPECIAL ATTENTION**

"Other than a few refinements there will be little change in our woods or irons for 1954," according to Ken Smith whose company at Kansas City, Mo., specializes in hand made clubs. "They are selling too well to experiment. We'll continue to offer any available grips for our clubs without restriction or price increase. The professional knows best what grip he wants and which grip to recommend for his players.

"We are going to do more for the seniors who find the crisp hitting of younger days

gone when they play long irons. The result is a great demand by older golfers for short woods, 5 and 6 woods and even higher.

"For years we alone have cataloged a No. 5 wood in the set as standard equipment; on special orders, we have made higher numbers. In recent years we've sold many 5 and 6 woods. We are giving this special attention because it is a must for senior golfers.

"Our sale of irons continues to break all of our previous records. We have never been able to accumulate any irons ahead for stock since this new deluxe model came out. That is the highest tribute the golfers could pay us."
