**"The Best of Turfs  
for Golf and Tennis!"**

Greens, fairways, and tees at the Rockaway Hunting Club, Cedarhurst, N. Y., get regular "meals" of AGRICO and AGRINITE. (inset) Anthony Fabrizio, Greenkeeper.

**"WE** have used AGRICO and AGRINITE on our golf course and tennis courts for many seasons," writes Anthony Fabrizio, Greenkeeper at The Rockaway Hunting Club, Cedarhurst, N. Y., "and results have always been excellent.

"In fact, I wouldn't consider any other fertilizers, since both AGRICO COUNTRY CLUB and AGRINITE give me results, even after long months of continuous hard play.

"Agrico promotes deep-rooted grass with a healthy green color — without undesirable soft, lush growth. During July and August, light feedings with AGRINITE have helped to maintain good turf, even under sandy soil conditions and heavy watering.

"With plenty of Agrico and Agrinite on hand, I always have the combination for growing the 'best of turfs'."

\*Organic derived from AGRINITE, the better (over 8% nitrogen) all-organic plant food.

**LEAF MULCHING ATTACHMENT**

- 9 Models
- 42 to 114 Inch Swath
- Trailer or Mounted

*For lawns... Heavy growth and leaf mulching*

**WOOD'S**  
*Multi-Purpose*  
**ROTARY CUTTERS**

*Do the job faster, at far less cost than sickle bar or reel type mowers*

Wood's Rotary Cutters and Mowers cut brush as thick as your wrist or mow fine grass down to an inch high. Wood's makes these superior cutting machines in either hydraulic lift or drawbar pull-type models—nine in all from 42" to 114" cutting swaths adjustable from ground to 14" high. The thickest weed growth is completely shredded and evenly distributed so new growth cannot be smothered. The operator of a Wood's Rotary Cutter can work in close to trees, fence rows and buildings. Equipped with V-Belt drive, 3/16" boiler plate blade protectors, 15" dropcenter wheels or 8-inch with non-pneumatic tires. All moving parts safely enclosed. Leaf mulcher attachment available for "dust-fine" mulching of leaves. Blades are overlapped for cleaner cutting.

## It's Just "Good Business" to Buy A ROYER

"Good Business" in golf course operation consists of getting the most from your operating budget. With a Royer Compost Mixer you will show a big saving in the cost of preparing top dressing for your greens. This efficient machine will produce material in about 1/8 the time needed for manual methods, reducing your labor costs by as much as 89%. The many manhours saved can be used for other essential maintenance work.

Further, the Royerized top dressing is clean, evenly ground, completely shredded and blended . . . readily yielding nutrition to hungry greens. Investigate the possibilities of this "Good Business" deal in your operations . . . write for Bulletin 46.

**ROYER foundry & machine co.** **ROYER**

# Now! leaf disposal for pennies instead of dollars!

Cost savings on leaf disposal have proved so great with a Jacobsen Leaf Mill that users actually spend only a few cents of every dollar that was formerly used for leaf disposal. For example, a park user reports that *one man* operating the Jacobsen Leaf Mill has replaced *ten men* with rakes and *two* hauling trucks. This machine more than pays for itself on saved labor costs in a season or less.

## A PROVED PERFORMER

Heavy-duty in every respect, the big, rugged Jacobsen Leaf Mill has proved itself on acres and acres of leaf-choked lawns. In one operation, this self-propelled machine picks up leaves, grinds them into fine particles and returns them to the lawn as valuable organic matter. No more raking, hauling or burning. Sticks, stones and other objects are automatically ejected without damaging machine.

See the amazing leaf mill in action. Handle it yourself and note how the auto-type differential makes the Jacobsen Leaf Mill extremely easy to maneuver around obstacles. Ask your Jacobsen dealer for a demonstration.

Jacobsen Leaf Mill  
30-inch width — 6 hp. engine

Leaf Pulverizer — Here is where leaves are turned into mulch. Heat-treated steel blades, whirling at 2,200 rpm, provide a slicing action that is unbelievably efficient.
