Finest Silver Crab Killer Available

NOTT'S® ARTOX "special"

If silver crab is still a problem on your greens, then you haven't heard the latest news. Because Nott, with many years experience in formulating crab grass and broadleaf weed killers, has now successfully combined "Di Sodium Monomethyl Arsonate" (SODAR*) with 2, 4-D . . . a specific for silver crab and ideal for chickweed, plantain, dandelion, smooth and hairy crab grass.

ARTOX "SPECIAL" comes in convenient, professional concentrate powder form. Mixes easily with water and can be applied with regular spray gun.

Try ARTOX "SPECIAL" at our expense. You and the Greens Committee will be amazed with the results.

For Free sample attach coupon below to your club letterhead and mail.

ARTOX and other NOTT Products available through your Horticultural Supply House.

*Trade Mark pending, permission granted by applicant

NOTT MANUFACTURING CO., INC.
Mount Vernon, N. Y.

NOTT'S ARTOX is also available—powder or liquid, in the "Standard" formulation, specific for smooth and hairy crab grass only.

Mow Up to 6 Acres an Hour with WOOD'S Tractor Rotaries

MODEL 114 with 114" cut, 3 blades, available with hand crank or hydraulic cylinder brackets for height adjustment.

MODEL M80 (M61 similar)

MODEL 80 (61 similar)

MODEL 42F

COMPLETE SELECTION OF MODELS TO FIT ALL TRACTORS—42" to 114" CUT

MODEL 42C, 42CL, 42A—42" cut, single blade, for Farmall Cub, regular and Lo-Boy, and Super A.

MODEL 42F—42" cut, single blade, Fast-Hitch Cub, either regular or Lo-Boy.

MODEL 42G—42" cut, single blade, for Allis-Chalmers "G".

MODEL 42M—42" cut, single blade, for Massey-Harris Pony or Pacer.

MODEL 61—61" cut, two blades, for 2 plow tractors.

MODEL M61—Same as 61 but mounts on 2- and 3-point hitches.

MODEL 80—80" cut, two blades, for 2-3 plow tractors.

MODEL M80—Same as 80 but mounts on 2- and 3-point hitches.

MODEL 114—114" cut, three blades, for 3-4 plow tractors.

MODEL 42M

MODEL 42CL

You can mow up to 6 acres an hour with the Wood's Model 114 Tractor Rotary shown at left. This heavy duty cutter will mow, clip and shred anywhere—close to trees, fences and buildings. It's less expensive to use—faster than reel type or sickle bar.

There are 12 Wood's PTO-operated tractor rotaries available in hydraulic lift or drawbar pull-type for any size or make of tractor—42" to 114" cut—adjustable from ground to 14" high (most models). There are 1, 2 and 3 blade models. Blades are staggered to overlap for cleaner cutting. V-belt drive absorbs sudden shock, protects both cutter and tractor. Frames are heavily welded into single unit with $\frac{3}{16}$ " boiler plate housing, 15° drop center wheels or 8" with non-pneumatic rubber tires. PTO and bevel gears are heavy enough to take tractor's full power. All working parts fully enclosed.

USERS TELL SATISFACTION

Here's what John E. Aiken, Aiken Aircraft Corporation, Toledo, Ohio says about his Wood's Model 80 Rotary Mower-Shredder: "An excellent machine—used for airport runways—have had no trouble with it." Cave Hill Cemetery, Louisville, Kentucky has 3 Wood's Rotaries for cemetery lawn mowing. They tried a Wood's leaf mulcher attachment on trial and have bought 2 more. Charles Reed of Oklahoma City, Oklahoma uses his Wood's Rotary for "mowing golf course, yard and cutting brush." Many Wood's Rotary users report that the leaf mulcher attachment gives golf courses an EXTRA month or two of fall play.

LEAF MULCHING ATTACHMENT

Leaf mulcher available for Models 42C, 42F, 42CL, 42G, 42M, 42A, 61, M61, 80 and M80.

160 JACOBY STREET

MAPLEWOOD, N. J.

GOLFERS will quickly appreciate the top condition of greens maintained with Borden's 38. Because its slow-release nitrogen develops the deep root structure needed to reach vital low-level moisture, Borden's 38 also guards against "sun scorch" despite dry spells.

REVOLUTIONARY NEW NITROGEN FERTILIZER FROM BORDEN—

Feed Just Once (at any time) For a Year's Supply!

► **Won't burn—even in summertime — when used as recommended**

► **Releases nitrogen steadily during the entire growing season**

► **Easy to handle, clean, odorless**

► **Ideal for greens, fairways, shrubs, plants**

Greenskeepers everywhere can benefit greatly from new BORDEN'S 38, for this revolutionary slow-release nitrogen fertilizer means better, safer, less troublesome feeding of turfgrass, plants, and flowers.

BORDEN'S 38 enables you to lay down a full season's nitrogen supply in one application. You can apply even during hot weather without fear that it will burn your turfgrass. Tests prove that even three times the normal application rate won't burn. You can apply it direct, or mix it with your topsoil dressing.

BORDEN'S 38 also gives you important savings. It is not water-soluble . . . won't leach or wash away, which means that you save on replacement. You save on storage space. You save time and labor, because fewer applications are needed . . . even in tropical or subtropical areas where it may be necessary to feed twice a year.

Now's the time to order *your* BORDEN'S 38.

Write today for literature and name of your nearest dealer.

gram has the 54th Western Amateur at Belle Meade CC, Nashville, Tenn., May 28-June 3 . . . 39th Western Junior at University of Michigan course at Ann Arbor, Aug. 21-24 . . . 53rd Western Open at San Francisco club, yet undecided, on a fall date on the fall PGA tournament circuit schedule . . . The fall date for the open is eliminating the Western's Amateur Team Best-ball event for this year.

Ancila Goldthwaite, daughter of Texas golf equipment and supply magnate, Frank, to be married this month . . . Ancila's mama and Frank's ever-loving manager in matrimony, is former Texas golf star and member of USGA Women's committee . . . The groom-to-be is Hugh Pitts, Texas Christian star center who'll be playing pro football this fall with Los Angeles Rams.

Del Monte Forest CC 18 to be built by the Del Monte (Calif.) organization on Monterey peninsula . . . A short 9-hole course also to be built at Pebble Beach . . . This will give the Monterey area Pebble Beach, Cypress Point, Monterey Peninsula, Del Monte, Fort Ord and the new layout as 18-hole courses, and the Pacific Grove

STOP BALL MARKS ON GREENS

with this handy DIVOT FIXER

ACTUAL SIZE

No need for Green Chairmen or Golf Course Superintendents to continually shoulder the blame for greens having those ugly ball marks.

Provide your golfers with this inexpensive tool and have 200 to 400 men and women help maintain those beautiful and expensive greens.

Our many repeat orders prove that this little tool has a definite place on all golf courses.

This tool can be used as a shoe horn—to clean dirt from spikes and upper soles of shoes; also clean scoring from club heads.

Prices: for nickel plated, plain or imprinted as shown—
F.O.B. Des Moines, Ia.:

1000 — \$65 500 — \$35 250 — \$20

Ten percent of order in small individual envelopes with printed directions. Extra envelopes one cent each.
