

You'll save \$1000 or more with the International Cub® Lo-Boy® tractor

Spraying weeds or applying fertilizer . . . you'll always tread softly on the fairways with a new International Cub Lo-Boy tractor.

Surprise yourself . . . price the new International Cub Lo-Boy! Compare it with larger utility tractors which can do no more on many golf-course maintenance jobs. You'll find you can save up to \$1,000 . . . and have the handiest power you ever used.

Equipment?—you name it! Haul up to 1¼ tons with the McCormick® Cub dump trailer. Mow with 3-gang reel, 42-inch rotary, 48-inch hammerknife, or 5-foot cutterbar mower. There's low-cost work-speeding power and equipment for every maintenance chore!

INTERNATIONAL® 350 UTILITY TRACTOR

Mow your fairways faster with a big 7-gang mower. Get more power and traction for heavy-duty loaders and dozers. Let power steering fight bumps and ditches. "Put power to better use" with a new International 350 Utility tractor!

TURF that Speaks for Itself!

McGREADY-KERN TEAM BUILDS BETTER TURF AT TRENTON COUNTRY CLUB

Mr. G. C. McGready inherited crab grass infested greens, poor tees, and indifferent fairways when he became Chairman at Trenton Country Club (New Jersey). He decided to get a competent Superintendent and sought the services of Russell Kern. The choice was a good one.

In a single season Russ licked crab grass and provided good greens. Tees and fairways have been vastly better also. Club members are happy with the McGready-Kern team.

Kern is an old timer in the Philadelphia area, with a record of achievement at Tavistock and other clubs before that. He has used Milorganite regularly for many years.

GREENS STAY

GREEN WITH STAYZ - GREEN

Spray it on — color lasts all Winter

Amazing STAYZ-GREEN performs a Winter wonder on Greens, Tees, Club House areas. Instantly it restores lush, natural green beauty to drab, dormant grasses. And the color lasts. A single application usually holds all Winter.

Not a dye. STAYZ-GREEN won't run when watered. Not even affected by snow. It's both fade and stain resistant. Absolutely harmless to grass.

Worth considering as a replacement for winter seeding on Bermuda greens or to create pleasing appearance as rye grass is going out.

STAYZ-GREEN is so concentrated that each 8 oz. makes a gallon of ready-to-use spray. With suitable equipment, you'll cover up to 300-400 sq. ft. with each gallon mixture.

Gallon makes 16 gal., covers up to 6,400 sq. ft. \$15.75

Costs as little as \$52.00 for 5 gallon quantities. Schedule of quantity prices on request.

Try STAYZ - GREEN at our risk!

If your distributor does not yet have STAYZ-GREEN, send us his name, and mail your order directly to us. We'll invite him to carry our product.

FAIRWAYS

ROSEMAN MOWERS

FOR IMPROVED FAIRWAYS • BETTER LIES • LOWER SCORES

IMPROVED FAIRWAYS.

Smooth, uniformly cut putting-green surfaces are the result of mowing with hollow roller greens mowers. This same desirable playing surface can be had on your fairways by using Roseman Hollow-Roller-Drive Gang Mowers.

LESS COMPACTION.

You never see wheel-type putting green mowers. Why? Because the mower weight would be concentrated on the drive wheels, compacting the soil and marking the turf. Similarly, Roseman Hollow-Roller mowers leave no wheel marks, on soft or sandy ground. The Roseman mower places less weight per square inch on the ground than any other gang mower.

MEMBERSHIP SATISFACTION.

Your membership appreciates fine turf and the best possible playing surfaces which offer the best opportunities to score well. Roseman Hollow-Roller-Drive mowers are designed to assist you in this objective.

AND LOWER REPAIR COSTS.

Exclusive non-breakable side frames. Bedknife and cutting reel steels precision tempered and riveted—not welded—to avoid hard spots and breakage. Timken adjustable reel bearings. All for greater reliability. New Rosemans also have hand adjustment requiring no tools and new lap-in feature. Roseman is the mower that costs less to maintain each and every year. Make your next gang Roseman.

No need to go through another season with parched fairways, tees or greens! You can have a long-lasting, dependable irrigation system with Yardley *PressuRated* K Pipe—and on a modest budget.

Yardley K Pipe is made of virgin Kralastic, the thermoplastic material that assures high strength, light weight and permanence. It can't rust, rot or corrode; it weighs 1/7 as

much as steel yet carries an excess of 25% more flow than standard metal pipe for the same head loss.

The ease and speed with which a Yardley watering system can be installed bring you substantial savings of time and money. Reports show savings as much as 50% to 75% of ordinary installation costs.

Let us estimate your requirements —no obligation.
