Southern Hills National Open Tournament committee, had operations perfectly geared . . . Marshalling, scoring, press, lockerroom — everything was run perfectly without anybody tossing weight around, complaints being at a minimum . . . Parking was somewhat of a problem as parking space was not convenient to clubhouse and first tee.

Southern Hills committee and Tulsa city officials handled hotel rooming job very well despite the fact that some contestants didn't advise the hotel committee they wanted rooms until they were in the city . . . Maybe there's some way in which contestants at the sectional qualifying places can indicate their desire for hotel reservations in the National Open city.

Senior golf history was made this year when Johnny Dawson, 55, won the US Seniors with 143 and his brother George, 56, finished 5th in it . . . couple of weeks later, at the Tulsa CC, George won the Western Seniors with 147 and Johnny finished 5th . . . Rain, lightning, infant cyclones, tropical heat and humidity made the scoring tough at Tulsa . . . Johnny, as you may recall, almost won National Amateur a couple of times . . . One time

## **TURF** *that Speaks for Itself!*

### Joe Konwinski Gives Private Club Turf Quality to the Public

Turfwise, nothing is more subject to player injury than a public fee golf course, especially where golf is played the year around as at the Lake Worth Municipal.

It is a tribute to superintendents like Joe Konwinski that any grass grows under such an ordeal. Yet, his greens are private club quality throughout.

Joe's secret is shifting men to meet management practices when they are needed. One of Joe's favorite maintenance tools is MILORGANITE — several tons each year are used at Lake Worth, Florida.

If you have a turf problem, consult:  
Turf Service Bureau

**TRIANGLE  
SEMI-RIGID PIPE**

Members of the Upper Montclair Country Club, Upper Montclair, New Jersey, wanted to be assured of top golf all summer long. They heard the best way to make certain of this was to install a permanent irrigation system with Triangle Semi-Rigid pipe because Triangle *guarantees* every foot of Triangle Semi-Rigid pipe to be free from defects in material and workmanship.

They have learned that Triangle Semi-Rigid is tops in corrosion resistance; is non-toxic; trouble-free when properly installed, used and operated; and extremely economical. Triangle Semi-Rigid is stocked in strategic locations across the country and is backed up by an organization that has produced more semi-rigid pipe than any other single producer.

Your course—can reap the benefits of a Triangle Semi-Rigid Plastic Pipe irrigation system. Get started today by writing for our prospectus on our engineering services and guarantees.

**PMAS** is the one specific for BOTH CRAB-GRASS and DISEASE control that has given the Golf Course Superintendent effective, dependable and economical results, year in and year out . . . without departing from the original formula patented by this company in 1946. Far from being submerged in the sea of claims for control chemicals that have come and gone since that time, P M A S sales have increased steadily . . . and the year 1958 will set a new high in volume. Look for the P M A S label.

### CLEARY RESEARCH KEEPS PACE . . .

Through close collaboration with the college experimental stations and actual experience with the turf problems encountered by the Golf Course Superintendent in the various climatic belts, a whole line of control agents are now available under the Cleary label. Contact your supplier or write us for detailed literature on all Cleary Turf Products.

"Fine color and steady growth from continued use of **AGRICO**"

says  
Robert F. Pollock  
Supt., Llanerch Country Club  
Havertown, Penna.

Mr. Pollock gave us this report just this spring, and as usual, it points to AGRICO as the ideal fertilizer for all lawns. He remarks, "For many years here at Llanerch Country Club, Agrico products have played an important part in our turf maintenance program. The fine color and steady growth from the continued use of Agrico has carried us through the very bad weather conditions of the last few years."

# Why not green fairways?...

## Use **YARDLEY K PIPE** for a dependable water system

Yardley offers a complete service for designing, recommending and supervising the installation of your watering system.

You can have a long-lasting, dependable watering system, even on a modest budget. The ease and speed with which K pipe can be installed saves time and money. Reports show savings as

much as 50% to 75% of ordinary installation costs.

Yardley K pipe is made of high-tensile, high-temperature Kralastic material. It can't rust, rot or corrode; it is light weight—about 1/8th the weight of iron pipe—yet offers up to 40% less friction or pressure drop.

Let us estimate your requirements.
