

In U.S. and Canada...

More than 260 Golf Courses selected Transite Underground Irrigation Pipe

High Sprinkler Coverage for Greens, Fairways

Transite Irrigation Pipe, because of high water-carrying capacity, helps keep sprinklers operating at rated pressures, assuring full coverage. This

asbestos-cement pipe *saves on installation* (Light weight cuts handling costs) . . . *economizes on pumping* (Interior smoothness is maintained) . . . *conserves water* (Ring-Tite joints stay tight) . . . *minimizes maintenance* (Transite is rustproof, resistant to soil corrosion).

FORD...

Always in the picture...never in the way!

When is your golf course work load heaviest? Naturally, at the time of heaviest play. It's one of golfing's ironies—and one which gives even more impact to the vital role played by the speed and power and versatility of new Ford Tractors and matching equipment!

The work won't wait. Mowing, trap maintenance, tee repair, sodding, aerating...all the dozens of jobs that continue year in and year out build to a peak right along with golf course traffic.

And that's where Ford becomes such a valuable "partner in the clutch." It does all your jobs cleanly and efficiently...does them fast and without disrupting play. Have you seen the many new Ford gasoline and diesel tractors your dealer now has on display? They're available with such time and work-saving features as power steering and 12-speed auxiliary transmission. Get all the details from your dealer today, or write to Industrial Sales Department, Tractor and Implement Division, Ford Motor Company, Birmingham, Michigan.

**YOU SEE MORE

and you'll buy ROSEMAN GANG MOWERS - - - -
Every Time

High mowing costs, wasted man hours and exorbitant repair bills are not found in gang mowers of Roseman design and quality.

Save on Labor

The exclusive labor saving ability of the Roseman hollow-roller-drive gang mower to overhang traps and edges of shrubbery beds and to cut close to fences, and structures eliminates the need for much hand trimming. Hundreds of man hours can be saved or devoted to other tasks.

Save on Time

Roseman mowers are rear drive mowers that mow faster, more uniformly without kicking up the rear. Considerable savings in mowing time and man hours.

Save on Equipment

Roseman mowers with lift hitch are combination rough and fairway mowers. Rough areas can be maintained faster, at less cost, with no expense for additional gang of mowers. Just flip

the mowers into high cutting position. Also a time and money saver in mowing flooded or low lying fairways where grass sometimes "gets away" before tractor can get in.

Save on Repairs

Exclusive non-breakable malleable side frames and bed knife shoes. Heavy duty tough chrome nickel alloy steel reel blades, riveted — not welded — to avoid soft spots and breakage and give long life. Timken adjustable bearings and vanadium steel long-life bed knives assure faithful service for many years and almost non-existent repair bills.

Compare 'em all

You are invited to compare the Roseman mower with any other mower. Be sure and compare Roseman quality, design features, low upkeep costs, and performance. We believe that you, too, will join the swing to Roseman mowers.

Here Is THE Answer

Faster ... More Positive ... AND Cheaper

NOW modern Superintendents have a modern answer to the crabgrass problem! New, but thoroughly tested, SUPER CRAB-E-RAD is the long-sought chemical that does the job in days, not weeks. After dependable SUPER CRAB-E-RAD is applied according to directions, crabgrass and dallisgrass don't teeter on the edge of recuperation — they quickly wither and die.

SUPER CRAB-E-RAD is octyl dodecyl ammonium methyl arsonate — Amine Methyl Arsonate for short, or shorter yet: AMA. It is produced under rigid quality control standards by the originators of the highly successful CRAB-E-RAD which is DiSodium Methyl Arsonate (DSMA). West Point Products is exclusive sales agent. Distribution is countrywide through the West Point Products distributors. You can order the quantity you need with complete confidence. Or you can write for the free sample and put "AMA" to the test.
