...WON WITH U.S. ROYAL

THE BALL WITH H.I.V.

Each of these professionals won his 1958 PGA Sectional Championship with the U.S. Royal Special. Six others (not pictured) played U.S. Royal to win the Carolinas, Central New York, Indiana, Iowa, Midwest and Rocky Mountain PGA Championships. And every day, more winning golfers are switching to the ball with H.I.V.—High Initial Velocity. By more quickly releasing its power on impact, this ball consistently adds yards to any good drive. Prove it yourself—try the U.S. Royal Special, sold only through professionals' shops.
