

New Roseman Mower

The new Roseman mower combines a high speed cutting reel with a positive means for disbursement of clippings. This is particularly important on dew laden or watered fairways and

where Bermuda, bent or poa annua are predominant. With the new Roseman Hi-Speed Reel, together with a new grass deflector and scraper arrangement, grass clippings are evenly distributed, eliminating bunching, dropping and windrowing, even under the wettest of turf conditions. Early morning mowing and even night mowing, with a beautiful finished cut, can now be accomplished with the new mower design, according to the manufacturer. Complete details on the new Roseman Hi-Speed Reel Mark IV Hollow Roller Drive mower may be had by writing Roseman, 2608 Ridge rd., Evanston, Ill.

Plastic Gimmick Sets Tee at Right Height

Acra-Hite T-Driver, a small plastic container holding a wooden tee at the height the user intends to have the ball teed up, is being made by the inventor, Robert G. McKee of Copar, 604 W. Lake st., Chicago 6. The peg is placed in the T-Driver so it may be pushed into the ground to depth of $\frac{1}{8}$, $\frac{1}{4}$ or $\frac{1}{2}$ ins.

Walker's New Car Plans

Walker Mfg. Co., Fowler, Kans., manufacturer of the Walker Executive golf car, is planning a lower priced utility type car body and golf car

trailer for the future, according to Max Walker, owner and mgr.

The Executive will carry up to four bags and can be operated on dual controls. It is of steel construction, electrically welded and the body can be tilted upward for quick and easy inspection and maintenance. Walker spent more than a year in a developing the car. Production was limited in 1958 but the firm found it necessary to increase output this year, moving into a new building (see photo) and adding employees.

STOP BALL MARKS ON GREENS

with this

DIVOT FIXER

Many clubs are successfully using this easy, effective way of eliminating ugly ball marks from greens. They provide their players with inexpensive Divot Fixers and have from 200 to 400 golfers helping maintain their greens. Repeat orders prove that this little tool has an actively useful place on all courses.

Prices: for nickel plated, plain or imprinted as shown—

USED GOLF BALLS WANTED

We will buy any type of used golf balls no matter what the condition. We pay top prices at all times due to our year round market.

1. We pay all freight charges.
 2. We supply containers for shipping and addressed shipping tags. This makes the bothersome job of packing and shipping as easy as possible.
 3. We have men traveling most of the country, so if you would rather have us make you a cash on the spot offer, and pick up the balls, just let us know that you are interested. Our representative will call on you and if his offer meets with your approval he will complete the transaction immediately.
- Please write for prices paid for used golf balls and complete shipping instructions. Please let us know how many golf balls you have to sell when writing, so that we will know how many containers to send.

USED GOLF BALLS IS OUR BUSINESS — BUY, SELL OR REFINISH

Hogan Redesigns Irons

Shown in the photo is Ben Hogan's Power Thrust iron (for men). Women's irons are known by the same name. The 1960 model Hogan clubs are completely redesigned. Weight has been shifted from the toe and along the top of the blade to the club's center to give, it is said, greater power at impact. The new sole is designed to reduce drag with 25 per cent less area in contact with the turf. The weight shift also is devised to eliminate toe flutter (tendency of conventional heavy-toed clubs to open and close or vibrate on the downswing).

K & M Pipe Brochure

Keasbey & Mattison Co., Ambler, Pa., has just released an 8-page, two color brochure describing its asbestos-cement underground irrigation pipe. Special emphasis is put on the K & M Fluid-Tite coupling which is easy to assemble and is said to provide a permanently tight seal. The brochure, AP-25, can be obtained upon writing to the manufacturer.

Crofton "Bug" Designed for Course Utility Use

Crofton Marine Engine Co., San Diego, Calif., has started production of a small utility car called the "Bug." The new vehicle has the general appearance of a half-size jeep and weighs only 1,100 lbs. It has a wheelbase of 63 ins., over-all length of 111 ins. and is powered by a 35 hp overhead cam, liquid-cooled, 4 cylinder

gas engine. The engine is a descendant of the original Crosley power plant and has been "polished" for use in the "Bug." There is 3-speed transmission, clutch and brakes operate hydraulically and the car is suspended on leaf springs. The vehicle is designed for off-highway use such as on golf courses.

Raelco Sprayer Handles Several Types of Jobs

Raelco Sprayer, made by Courtney Enterprise, 1353 Highwood bld., Pontiac, Mich., can be used for several types of spraying jobs including

weed killing, fertilizing and spraying against insects. Hinged spraying arms permit the Raelco to be stored in a small space. It operates on low pressure and is coated to resist most acids. Overall armspread is 7 ft; the sprayer weighs only 30 lbs. when empty; capacity is 15 lbs.; and the tank can be pressurized by either foot pump or portable compressor. The sprayer will cover one acre in 30 minutes.

Regulation Ball Used With Returno Practice Set

Returno, a new practice device, has a regulation golf ball attached to 15 ft. of patented

"stabilized" cord. It is constructed to return the ball to the golfer after it has been hit 30 to 35

ft. The unit has 170 lbs. of jerk tension and is anchored to the ground by two steel spikes pushed through a block. There is a double safety device at both ball and block. Available through pro shops, Returno is packaged for window display. It is made by Returno Golf Co., 31 W. 47th st., New York 36.

Lloyd Mangrum is shown with Golfcraft's Xmas gift putter package which consists of a Glasshaft putter and Golfcraft Staff ball. Part of the package serves as a putting cup. The complete package sells for the price of the putter and ball alone. Golfcraft also has a gift ball pack of a doz. Staffs plus a colorful desk pen set and Christmas card.

An A. G. Spalding & Bros. Hole-in-One trophy was recently presented to Stuart McLees, Brookfield, Ill., for the longest ace of the season scored with either a Spalding ball or club. McLees scored on the 289 yard 15th hole at York GC, Hinsdale, Ill.

Melflex Develops Hard-Wear Tread for Steps

A new type molded rubber step tread has been developed by Melflex Products Co., Akron, O., for surfacing steps in clubhouses and other places where traffic is extremely heavy. Called "Kleet-Proof", it is compounded of nylon and rayon cords, reclaimed from tires, and combined with rubber and molded into a ribbed tread pattern. It is 1/4 in. thick with a grooved surface for quick

drainage and has a 1-in. deep nose that covers the approach to the step with a protective cushion. It has been tested, according to Melflex, under the most rugged abrasive conditions and has shown great wear resistance.

Jim Butz recently joined the staff of Golfcraft, Inc., as an assistant to Mark Cox, vp and sales mgr. Butz is located at the company's Chicago office, 7059 W. Addison st.

Rainy Sprinkler Valve Meets Quick-Coupling Demand

A new, quick-coupling turf valve, the Nelson Model 30 midget valve, made of highest grade

brass, has been developed to meet the new demand for handier valve units for underground

sprinkling systems. The Nelson valves are placed according to turf requirements, flush with the surface and below mower blades. Heads and keys are removed after each sprinkling, leaving the ground free of obstruction. The Model 30 has capacity of 10 gpm and 1/2 in. pipe inlet connection. Threaded key design gives uniform opening and closure, eliminating water hammer and making the Model 30 ideal for use with plastic pipe. Full details can be obtained from Rainy Sprinkler Sales, 609 W. Lake st., Peoria, Ill., or National Rainbird Sales & Engineering Corp., PO Box 547, Azusa, Calif.

Sunstate Markets Arnold Palmer Slacks and Walk Shorts

Sunstate Slacks, Inc., 900 N. Howard, Tampa, Fla., is marketing Arnold Palmer slacks and walk shorts which have what is called the exclusive "floating waistband." Both come in a wide range of colors and have a half-belt with concealed elastic. Rubber gripper pads keep the wearer's shirt down. Slacks and shorts are made of acrilan and viscose rayon, can be washed and worn and seldom need pressing. Pros can obtain swatch book and prices from jobbers or information about the Palmer models from Sunstate.

Costello Retires; Tabbert, Bunk Named Treasurer, Secy. at Jacobsen

Retirement of James F. Costello as treas. and secy. and election of Frederick C. Tabbert as treas. were recently announced by Oscar T. Jacobsen, board chmn. at a meeting of the directors of the Jacobsen Mfg. Co., Racine, Wis.

Tabbert

Bunk

Costello

Victor E. Bunk has been named secy. of the company and also will carry on as the assistant treasurer.

Costello joined Jacobsen in 1927 and had been an officer and director for 29 years. Tabbert recently came to Jacobsen from Harnischfeger Corp., Milwaukee, as corporate controller and at one time managed his own accounting firm. Bunk is a 32-year veteran at Jacobsen. He was named asst. treas. in 1949 and was elected to the board in 1953.

Flame ceramic facing again will be a feature of the 1960 MacGregor iron line. Club has new "Pro-Pel Action" shaft, four different swing weights are available and the "Firma-Grip" has built-in tackiness. Tourney Eye-O-Matic woods have aluminum buttons in the clubface that is said to act like a firing pin and a new method of lead filling provides more even weight distribution. Woods have "Pro-Pel Action," four swing weights and "Firma-Grip."

Offer Soil Test Kit with Olympia Spreaders

Ezee Flow, div. of Avco Distributing Corp., 3428 N. Harlem ave., Chicago, Ill., is making available with its Olympia line of spreaders a soil test kit at practically a giveaway price. The test kit is made by the Sudbury Laboratory,

**Par-Mate Recommends
Hahn, Armour Gloves**

Jack D. Levine, 10 W. 33rd st., New York suggests the Paul Hahn Par-Mate glove as a thoughtful Christmas gift item. It is made of imported capeskin with 10 rows of elastic back of hand to give a taut, comfortable fit. The glove is styled for men and women in a full range of color. Another suggested gift item is the Tommy Armour glove with exclusive club hugger inset across the palm. The thumb on this capeskin glove is reinforced for extra long wear. The glove is made in all sizes for men and women.

Spalding Net Up

Nine months net earning of A. G. Spalding & Bros., Inc., for the period ending July 31, were \$813,000 or \$1.05 a share as compared to \$690,000 and 89 cents for the comparable period in 1958. Profits before taxes this year were \$1,716,000. Quarterly earnings, May-July, 1959, were 65 cents a share as compared with 44 cents the previous year. Edwin L. Parker, Spalding pres., predicts improvement in all product lines for 1960 and says that every effort will be made to hold the price line in the coming year.
