Toney Penna Woods

Toney Penna woods, manufactured and distributed by The MacGregor Co., Cincinnati, O., are of carefully selected persimmon finished in Penna rosewood. They have black fiber face with the new Aluminum Target pin. The clubs are equipped with Pro-Pel Action No. 1 shafts and have molded-on all rubber grips or the exclusive new Firma-Grip with built-in tackiness.

Describe Features of New Jacobsen Turf-King 76

The new "Turf-King 76" riding power mower made by Jacobsen Mfg. Co., Racine, Wis., now is in full production. The 3-reel unit has a 9 hp, 4-cycle engine and has four main features: Variable forward cutting speeds from $\frac{1}{4}$ to $3\frac{1}{2}$ mph with transport speed of 6 mph; quick, tool-

less bed knife adjustment; self sharpening device for all reels simultaneously without any disassembly; micrometer thread screws for fine adjustments. Reels on the Turf-King 76 precede the wheels. The unit works well on hills and reels can be arranged so that each cuts separately.

Mallinckrodt's Kromad Has 4 Successful Years Behind It

Kromad, the broad spectrum fungicide which is used in control of five major turf diseases, has been proved over four years on thousands of courses, according to Mallinckrodt Chemical Works, St. Louis 7, Mo. It is effective in controlling dollarspot, copperspot, red thread, brown-patch and leaf blights resulting from helminthosporium, and curvularia. Kromad is available in 25-lb. drums and 2-lb. boxes and is recommended to be applied in varying doses depending on the disease weather.

Scholl's Foot Exercizer Built for Weekend Sportsman

Dr. Scholl's, 213 W. Schiller st., Chicago, has developed a foot Exercizer Sandal that is said to be scientifically constructed to

strengthen feet and legs and improve blood circulation. The real advantage to it is that it provides excellent exercise through the simple act of walking. It is particularly recommended for the weekend sportsman who wants strong underpinning to comfortably take him as far as he wants to go. The sandal is designed to force the foot to exercise itself through a metatarsal crest that forces the toes into a natural gripping action. This results in usually dormant foot and leg muscles being brought into use.

Armour Golf Tutor Gives Check on Swing

Modern Golf Enterprises, 4 Taft st., South Norwalk, Conn., is marketing the Tommy Armour Golf Tutor. Three indicator pins, located in front of a tee, show the player just how he is swinging. If, after the ball is hit, the pins are knocked down along a straight

orange line, everything is fine with the swing. If the pins point to the left or right they indicate pulling or pushing. The Armour device is of aluminum, encased in a plastic case, 12 x 36 ins. The unit weighs 12 lbs.

Dunlop to Move Golf Ball Plant to South Carolina

Pres. Michael J. Billane of Dunlop Tire & Rubber Corp., has announced plans to expand the Sporting Goods & Tire manufacturing capacity over the next five years with a capital expenditure of \$5.5 millions. One of the first moves will be to transfer the golf ball manufacturing dept. from the Tonawanda, N. Y. plant

What new Dunlop S. C. plant will look like.

to a location in Oconee County, S. C. in July or August. Tennis ball production also will be moved to the S. C. plant. Dunlop's executive offices, however, will remain at 500 5th ave., New York.

The 1960 catalog of Jackman Sportswear Co., Inc., 6332 W. Roosevelt rd., Oak Park, Ill., is off the press and can be obtained by pros upon request. It features jackets, shirts, slacks, caps, accessories, luggage, etc.

Portable pH Meter

Analytical Measurements, Inc., 585 Main st., Chatham, N. J., is marketing a pH Meter which reads pH values within .02. Portable (wgt. 5 lbs.) it can be operated off 115 volt AC outlet. The meter has a big scale so that it can be read quickly and easily. It has a single operating control and a probe unit that permits the user to bring the meter to the sample and not vice versa. When inquiries are made, the writer is asked to refer to Model 700 Big Scale pH Meter.

Jacobsen Hits New Record in Power Mower Sales

Jacobsen Manufacturing Co., Racine, Wis., reported March shipments of power mowers resulted in sales of \$3,064,000, the largest single month's shipments in the company's 39-year history. Charles A. Livesey, sales vp, stated that on the basis of current sales, Jacobsen expects a sales increase of 20 per cent for 1960 over 1959 when total sales were \$11,900,000.

Sportlite Films for Clubs

Recently released by Sportlite, Inc., 20 N. Wacker dr., Chicago 6, is a catalog of 16 mm golf films for showing at clubs. The films include Byron Nelson's "Let's Go Golfing" and "Tips from Top Pros." The latter includes a description of fundamentals. Putting lessons, Patty Berg and Gene Littler, also are to be seen. Clubs have scheduled these films for mid-week showing to spark offnight attendance. Some plan to use them for outings, clinics and as stand-bys in poor weather.

Swinging Around Golf (Continued from page 98)

pro at the new El Macero CC in Sacramento . . . Course was designed by Bob Baldock and clubhouse will be ready in the fall . . . Ogden has been at North Shore for 10 years and will continue there.

Very smart publicity in the Brunswick Corp. stockholders' meeting at South Shore CC, April 18, in featuring MacGregor Golf, new unit of the Brunswick organization . . . MacGregor equipment was shown outside meeting room and Louise Suggs, Barbara Romack, Toney Penna, Mike Souchak and George Bayer put on a demonstration . . . Bob Bensing-er, chmn., Brunswick Corp., was one of the Chicago district's star kid golfers and still bats around in par now and then . . . It was Brunswick-Balke-Collender backing for a Chick Evans golf instruction record that started the Evans caddie scholarships, first of these educational programs . . . Chick as an amateur wouldn't and couldn't take the money.

Bill Chamberlain, a member of the Torresdale-Franklin GC, Philadelphia, scored aces on consecutive days recently . . . In a recent tournament, Jim Ferree hit one into the rough and appeared to be taking it so hard that he broke down in tears . . .

Women in the gallery were extremely solicitous . . . It turned out that one of his contact lenses had slipped out . . . Don January recently severed his Pinehurst CC (Denver) connection to become affiliated with a new golf development firm in Dal-las.

More than \$62,000 have been contribut-ed through Golf Day to turf research since 1953 . . . New Jersey Agricultural Experi-ment station has received the largest slice of his amount — \$13,000 . . . Texas AES is second with \$12,000; Purdue third with \$7,000; and University of California (Dav-is), fourth with \$6,700 . . . Altogether 15 universities and experiment stations have shared in the distribution of funds . . . Elizabeth Manor G&CC, Portsmouth, Va., famous as a tournament stronghold, has completed changing its greens from com-mon Bermuda to 328 . . . It took 10 weeks to make changeover and course was idle during that time . . . George Skinner, mgr. and Robert Wynne, supt., directed the job . . . Eastern Amateur, incidentally, will be played here Aug. 17-21.

Start construction on new \$250,000 clubhouse for Marin GC, San Rafael, Calif. . . . New Crystal Springs CC in Haverhill, Mass., refused use of Crystal Lake as a water supply, so it will have to dig a well to tap an irrigation source.

Arnold Palmer Wins!

with the 1960 Wilson STAFF

Examine the 1960 performance record of the Staff golf ball thus far... Arnie, with a stirring Master's win added to three consecutive, previous tournament wins in the infant season; Sam Snead with wins No. 104 and 105 now in the record books. In addition, Billy Casper is tuning up to defend his National Open title.

Every win by these great professionals, and the remainder of the Wilson advisory staff, is growing proof that the 1960 Staff is even better than ever before. And add these facts to this great Staff golf ball—it's off the tee at 170 mph; it's white...white for life; and—It Wins.
