### **Rosburg Elected to Second Term on PGA Tournament Committee**

Bob Rosburg became the first man to succeed himself as chmn. of the PGA tournament committee when touring professionals re-elected him to the office in Sept. The committee is composed of seven persons.

Rosburg was elected to a two-year committee term in 1958, was elected chmn. in July, 1959 and then had his tenures in both offices extended for another year when Art Wall, Jr. resigned from the committee.

As chmn. of the committee, the 1959 PGA champion automatically becomes a vp of the national pro association. Don Fairfield, Don January and Ken Venturi back up Rosburg as co-chmn. of the tournament committee.

To vote in the election, a professional must have played in 50 per cent of co-sponsored or approved PGA tournaments

in either the preceding current or calendar year, or be among the first 25 money winners.

Others on the tournament committee include Harold Sargent, PGA pres., Lou Strong, secy. and Warren Cantrell, treas., whose terms expire in mid-November when the annual PGA elections are held. Newly elected officers will then become members of the committee.

### **19 Turf Varieties Displayed**

There are 19 different turf varieties and three mixes on display at the L. A. State & County Arboretum in Arcadia, Calif. The 20 by 20 ft. plots are subdivided into four sections to provide two cutting heights and two fertilization rates. Among the grasses on display are Bermudas, zoysias, bents, fescues, bluegrasses and Bahia grass.

Edwin L. Parker, pres., (l) and R. W. Askane, dir. and chmn. of A. G. Spalding & Bros.' executive committee, showed great enthusiasm over the company's growing prospects in many sports, including golf, at a recent Chicopee meeting. Great improvements in products are being rapidly picked up by foreign subsidiaries, according to Parker, and the 1961 golf line promises to be the best the company has marketed.

### New Entry in Bag Rack Line

Bag Rack Products, 7720 Gross Point rd., Skokie, Ill., has added a new type of individual bag rack for the practice tee to its 1961 line. The unit is built of pre-formed 1/2 in. round steel rod with polished weld construction and is shaped to hold bags of any shape or style.

### Morris "Speed Links" Idea Gains Building Speed

"Speed Links," the ingenious course design of Luke Morris, Decatur, Ga., is well into construction and playing tests. One course has just been completed in suburban Reading, Pa., and others are under construction at Virginia Beach, Va., and Miami, Fla. Morris, a former pro and equipment salesman, worked out and patented the design in which players use the same fairway and 2 greens and 2 tees for playing a par 4, par 5 and par 3 hole. Basically the design is of a par 4 hole, followed by a par 3 hole, with the par 5 playing from the same tee as the par 4 but,

using the green which also is used for par 3 play. The par 3 tee follows the par 4 green. Bob Reigner, Reading Eagle sports writer who played the new "Speed Links" 18-hole course in about an hour, forecast it is going to be a popular answer to the demand for faster golf.

#### Textron Purchases E-Z-Go

Textron, Inc., Providence, R. I., has purchased E-Z-Go Golf Car Corp., Augusta, Ga., said to be the nation's largest exclusive producer of electric golf cars. Textron now has companies in five basic manufacturing fields: automotive, consumer, defense, industrial and textiles. E-Z-Go will continue to operate under its present name. The purchase was made through an exchange of an undisclosed number of Textron shares. In 1959, E-Z-Go had sales of about \$1.5 millions.

#### 1961 MacGregor Catalog

MacGregor's 1961 pro golf catalog runs to 36 pages and features the company's complete line of clubs and balls and a preview of exclusive features for the coming year. Also included is a shaft flex chart, wood and iron spec chart and photos of MacGregor advisory staff members. The catalog is supplemented with a 19 page, full color section of bags and accessories.

tionwide Leasing Co., 11 S. LaSalle st., Chicago, has been announced by Cushman Motors, Lincoln, Neb. The manufacturer says this arrangement gives the following advantages: (1) doesn't tie up working capital; (2) maintains an open credit line; (3) units are paid for from rental fee income. At the end of the primary lease term, the lessee may continue to lease the equipment indefinitely at a greatly reduced charge. Another feature of the plan is that it enables the lessee to make payments only during the golfing season. Complete information about the arrangement can be obtained from Cushman, its dealers or Nationwide Leasing.

### Davis Publication Describes Disease

August issue of the "Grassette," published by George A. Davis, Inc., 5440 Northwest Highway, Chicago, contains an article, "Control of Dutch Elm Disease," by Frank D. Smith. He points out that the beetle that causes the disease is a creature of blind habit since it infests only elms, shunning all other trees. If the tree is kept healthy, its normal flow of sap prevents the beetle from depositing eggs in the Cambium layer, the only part of the tree in which the egg deposit ever is made.

### West Point Adapts Battery Operated Mower to Home Lawns

West Point (Pa.) Products Corp. has developed a running mate to go with its Lectro Greensmower. It is the Lectro Lawnshear, that

has been designed for use on the home lawn. There is an 18-in. hand propelled rotary mower and 21-in. self propelled reel mower. Both have push button starting and locking keys, and are equipped with chargers. Additional rotary and reel models, including a riding mower, will be introduced later. West Point engineers point out that the 21-in. reel mower will easily mow more than  $\frac{1}{2}$  acre of lawn on one charge of its Energy Cell. The cell is re-charged in less than two days by plugging its built-in charger into ordinary house current.

### McAllister, Hill Sign As Spalding Staff Members

Bob McAllister, Claremont, Calif. and Dave Hill, Jackson, Mich., two promising young pros, have been signed as Spalding consultants. McAllister, a member of the famous U. of Southern California golf team of some years ago which won a record number of matches, was the Pacific Coast Conference champion as an amateur and also the Los Angeles Open amateur top-finisher two years running. McAllister, now plays out of the Yorba Linda (Calif.) CC. He won the Paul Bunyan Open this past season, placed 10th at Hartford and at Oklahoma City in his best professional performances.

Dave Hill has had an excellent 1960 campaign. He finished 8th at Houston, 7th at Hot Springs and 4th at Flint.

### MacGregor Packages Tourneys in Three Gift Containers

Tourney golf balls are offered in three Christmas gift packages by MacGregor. The two larger ones contain either one doz. or eight balls and are

boxed in black and gold leatherette memo caddies, each with a supply of paper and attractive cardboard sleeve. The small gift selection contains four balls in a plastic Christmas stocking with a red tape binder and hanger. Orders of

one doz. can be personalized at no extra cost. Each of the three packages contains the new DX Tourney which has permolec cover to resist scuffing and cutting and ultra-white resiliacote finish.

### Keasbey & Mattison Markets New Decorating Sheets

Decorative asbestos-cement sheets in pre-finished, permanently colored form are now available from Keasbey & Mattison Co., Ambler, Pa. The sheets, expected to have wide application in home and institutional decorating, come in 15 different colors, are washable, water resistant and only 3/1000 in. thick. The finish is said to have five times the life of ordinary paints. Weatherometer and natural exposure tests, the K & M company says, indicate that the colors will not yellow or fade and have excellent resistance to chalking.

### Royer Topdressing Pamphlet

### Lightness, Quality Emphasized in New Foot-Joy Golf Shoes

Many years of research have gone into development of the first LightWeight golf shoe model by Foot-Joy, according to Richard N.

Tarlow, treas., Brockton Footwear, Inc. Upper leather selected especially for lightness without sacrificing suppleness and durability plus other features make the Foot-Joy the lightest weight quality shoe yet produced. The shoe has Good-year air cushioning from heel to toe; light outsoles that provide strong support and exceptional wear; and patented Nu-Lite spikes with steel tips that are said to weigh less than half conventional steel spikes. The shoes are available in two styles (brown and black in each style) and are sold in pro-shops.
