

## Titleist "feels best" . . . every time

And to serious golfers, as you well know, this is *really* important. This "feel," coupled with the "click," or sound of the hit, tells an experienced player immediately whether or not the ball he's using will really *go out there*.

Get your players to try a Titleist. See if they can notice this unique "feel" that the tournament golfers know means extra distance.

Get them to hit a dozen Titleists and they'll find they get that same "distance feel" with every one. Never that mushy or rocky "feel" which robs them of those crucial extra yards.

They'll thank you for personally recommending a better product to them.

And remember, once your players are steady Titleist users, they've got to get them from you. You'll never find this same ball being sold in a store under another name, for the TITLEIST, like all Acushnet products, is sold through golf course pro shops only.

# SWINGING AROUND GOLF

NEWS OF THE GOLF  
WORLD IN BRIEF

By HERB GRAFFIS

Elgin (Ill.) CC, in its 64th year, recently air conditioned and renovated its clubhouse . . . It's part of \$250,000 improvement program that's going on at the club . . . Fifth annual Carling Cup matches between U. S. and Canadian golfers will be played June 20 at Old Warson CC for benefit of St. Louis Children's Hospital . . . Eight pros and amateurs from each country will compete . . . Both teams have two victories to their credit . . . When the Berkshire Hills golf-o-rama was held this spring to kick off the 1961 season, Dick Baxter, pro at Taconic CC in Williamstown, Mass., and Williams College coach, and John L. Hawkins, Pittsfield, were cited for outstanding contributions to the game . . . Baxter has been pres. of both the Northeast PGA and Northeast GCSA and has done much to boost collegiate golf . . . Hawkins has been extremely active in bringing tournament golf to the Berkshires.

New 9-hole course opened May 11 at the Veterans' Hospital in Downey, Ill., was two years in construction . . . Funds contributed by Chicagoland golfers made it possible . . . It was designed and built by Ray Didier of Mundelein, Ill. . . . Pat Romano, formerly of Apawamis in Rye, N. Y., is head pro at new Somers (N. Y.) CC . . . Including his days as a caddie, Pat put in 35 years at Apawamis . . . Calendar of 1961 tournaments of Metropolitan GA shows more than 150 golf dates between May and October . . . At the urging of H. N. Young, dir. of the experiment station at Virginia Poly, VPI is providing more funds in next year's budget

for turf research . . . Third Mid-America Junior Open to be played June 19-23 at Possum Run GC, Mansfield, O. . . . Medal play round on the 19th will determine the 64 players who will play at match for the title . . . Added feature is special tourney for youngsters 12 and under.

After winning the 1955 Open at Olympic in San Francisco in 1955, Jack Fleck failed to survive the 36-hole cut in 1956 . . . Same fate befell Johnny Farrell, the

## FRONT COVER

Fourteen year-old Charlie McDowell, who handles that wedge so beautifully on the cover, and Roberta Albers (left, inset) and DeDe Cason were the most talked about golfers in last year's Pee Wee tournament in Orlando, Fla. McDowell shot final round 70 to win 13-15 boys' class; Roberta set a girls' competitive record in winning in her 13-15 age division; and DeDe was the best player in the girls' 3-5 year-old class. Tournament is being renewed this month. For story on Junior golfers, see page 34.

1928 champion, in 1929 . . . According to a release from sponsors of the American Golf Classic (Akron, O.-Aug. 24-27) Firestone CC, site of the tourney, was the only course on which the pros didn't crack par in their 1960 joustings.

Four Aberdeen university students tried to hit a golf ball to the peak of Ben Nevis, western Scotland mountain that is 4,406 ft. high . . . Lads lost 63 balls and broke a club in three hours getting the ball up

## KEEP THE CROWDS COMING

Lots of things attract golfers: A challenging course. The freedom of outdoors. The rolling greenness. The beauty.

Cast iron pipe means as much to a golf course as these things do to a golfer. In fact, more.

Cast iron pipe rarely needs attention after installation, thus eliminating unattractive holes on fairways and greens; it delivers an uninterrupted supply of water.

Cast iron pipe insures the beautiful background that golfers appreciate . . . and it will continue to do so for more than a century. This helps keep the crowds coming.

CAST IRON PIPE RESEARCH ASSOCIATION, Thos. F. Wolfe, Managing Director, 3440 Prudential Plaza, Chicago 1, Illinois.

# TERRA-TIRES ARE EASIER ON TURF THAN GOLFERS' SHOES

TERRA-TIRE equipped car belongs to fleet operated at Woodmere Club, Woodmere, Long Island, New York.

Note to car builders: Terra-Tires for cars come with smooth or diamond tread. Write for details.

Terra-Tire—T. M. The Goodyear Tire & Rubber Company, Akron, Ohio

The 19-lb. difference in turf pressure you see here is sure proof that a fully loaded golf car is kinder to turf than a golfer's shoe—if the golf car is equipped with Terra-Tires.

That means you now can have all the benefits golf cars can bring to your club—extra income, faster play, happier members—without paying a penalty in turf damage.

The Terra-Tire secret is in its design—flat, wide, smooth treads teamed with inflation pressures as low as 5 psi.

They enable cars to go anywhere on a course—on wet or dry turf. And their rolling resistance is so low you can often get an extra nine holes or more out of a battery charge.

Terra-Tires make sense for golf cars—and for utility cars, trailers, tractors and other wheeled equipment, too. Ask your golf car supplier for the full Terra-Tire story or write: The Goodyear Tire & Rubber Company, Aviation Products Division, Dept. F-1732, Akron 16, Ohio.

Lots of good things come from

## Johns-Manville helps take the guesswork out of buying Plastic Pipe!

Now you can buy plastic pipe and be assured in advance that the product you're getting has been manufactured under rigid standards of quality control. You see, the J-M trademark, symbol of quality since 1858, stands behind each foot of Johns-Manville plastic pipe.

J-M ABS and polyethylene pipes are manufactured with only top-quality virgin resins. They have undergone extensive research and have been use-tested

for many years. Thousands of hours of study, in all types of applicable service conditions, have resulted in pipes that are consistently uniform in quality. This means that you will be getting a superior product . . . one that will help reduce service failures and provide many years of dependable and economical service.

For details on NSF-approved Johns-Manville ABS and polyethylene plastic pipes, mail in this coupon today!

**WHOLE SEASON CONTROL  
WITH ONE SPRAYING**

One part of Solexto in 400 parts of water sprayed on two to four acres gives season-long control of beetle grubs, ants, crickets, chinchbugs, cut worms, rose chafers, chiggers, fleas, ticks, mosquitoes and many other pests.

**GRUB-PROOFS  
FOR TEN YEARS**

One application of Solexto, two gallons to the acre (1-to-200 solution), grub-proofs the turf for at least ten years. Thus moles are also kept out by eliminating their food source.

**ECONOMICAL COVERAGE**

Because such high dilutions are possible, extensive coverage is very economical. Labor can also be saved by using EWT Weed Killer\* in the same solution for general spraying of the grounds.

\* Widely used selective weed killer manufactured by Dolge.

Write to the C. B. Dolge Company, Westport, Connecticut for information about other insecticides; also inquire about weed killers, golf ball cleaners, mole and gopher killers.

James M. Darrah, Levittown, Pa. and Vic J. Rice, Trenton, N. J., pro.
