212 HELEN AVENUE — MANSFIELD, OHIO

Con-Voy Carts Have English Sport Wheels

Lightweight English sport wheels for easy carting are a new feature of Con-Voy's newest golf cart, the Continental. The ball-bearing wheel is said to provide a smooth, easy roll and reduces shock and fatigue. Deluxe features including stroke counter, cigarette and tee holder, are standard equipment. All tubular parts are anodized in gold. The bag position is adjustable, allowing sufficient room between the mainshaft and the back of the bag to allow easy access to back pockets. The squeeze hand release, exclusive with Con-Voy, allows fast, convenient locking of wheels in play or storage position. The Continental is guaranteed for three years.

Public Shows Interest in Ransomes Sims Exhibition

Much public interest was shown at the two-week display exhibition on turf maintenance held at the Fisons Garden Center in London, Eng-

land recently. This was a joint venture of Ransomes Sims & Jefferies and Fisons Fertilizers to demonstrate both the practical and chemical care of turf. To show the development of the lawn mower, Ransomes showed the first machine in the world which it made in 1832. A photographic history provided a background.

Etonic Queen for Women

The Etonic Queen golf shoe for women has been inspired by the famous Ryder Cup. It has full length cushion innersole, full glove leather lining and sewn-in kilties. It is available in black alligator calf with white buck, hawthorne calfskin, and genuine white buck. Available only in pro shops, the shoe is made by Charles A. Eaton Co., Brockton, Mass.

Tote-Stool Is Combination Seat and Club Carrier

Tote-Stool, made by Kalbar Products, Inc., 3608 S. Kedzie ave., Chicago, may be one of the remedies for slow play. It is a combination

carry-all that converts into a seat. Golf bag and seat together weigh only 1½ lbs. but the manufacturer claims that the seat will support as much as 500 lbs. Fourteen clubs can be fitted into Tote-Stool's pockets and there is a section for balls, tees and other accessories. When it is carried it simply is collapsed and slung over the shoulder. If it isn't used for carrying clubs it comes in handy for following matches and other sporting events.

Saddle Tees for Plastic Pipe

The line of brass saddle tees for use with plastic pipe has been expanded according to Rainy Sprinkler Sales, div. of L. R. Nelson Mfg. Co., Inc., of Peoria, Ill. The line includes fittings for use with medium or high density plastic pipe in sizes from ½-in. up to ¾-in. and 1-in. Using only a standard screwdriver and the heat-weld tool, sprinklers can be correctly located and installed.

S, R, S Markets Par Master Golf Net

Smith, Rader and Smith, distributors of Par Master Golf Net, P. O. Box 1512, San Mateo, Calif., is inviting pro and dealer inquiries on its new golf net which features "Envilon," a synthetic, non-combustible vinyl-chloride green fiber spun by the fusion method with knotless

construction. The frame is rust-resistant, painted tubular steel; target is finest white canvas

duck marked with double circle bullseye. The structure requires 5½ by 12 feet of area for setting up.

Scott Pamphlet Describes How to Get Better Turf

"Turf Program Products," published by O. M. Scott & Sons, Marysville, O., describes the professional way of obtaining better turf. It shows the different Scott seeds that can be successfully applied to courses, and describes various products that can be used for feeding turf and

killing obnoxious weeds and grass as well as insects. Spreaders and mowers with Scott trademark also are described.

Cuff Links with PGA Balls

Cuff links are being given free with each doz. of PGA golf balls. The links are of authentic "Golf Spike" design and are a part of a

special pro shop promotion. PGA's Ryder balls are finished with a recently perfected vinyl type enamel which is said to give long lasting whiteness and to reduce scuffing.

**K & M Tile Suggested for Converting
 Roofs to Recreation Areas**

Asbestos-cement tile made and marketed by Kearsbey & Mattison Co., Ambler, Pa., transfers heretofore unused roofing surfaces into service-

able areas, such as for recreation, sunbathing, etc. The tile also serves to keep roofs from deteriorating. Light gray in color, the tile is highly reflective, thereby minimizing heat absorption. Called Promenade Tile, the new K & M product is installed by trowel on a cold asphalt cement base in an operation similar to installing interior plastic tile. Standard size is 12 x 12 ins. and half tile, 12 x 6. Both are 5/16 ins. thick.

Dayton Is Spalding VP

James A. Dayton has joined the A. G. Spalding & Bros., Inc., Chicopee, Mass., as the executive vp of both the Spalding Sales Corp. and Spalding Chicopee div. of the company. Dayton has many years of experience in the field of general management. He makes his headquarters in Chicopee.

**Rodenmeyer, Named Distributor
 Manager by Mallinckrodt**

J. A. Rodenmeyer has been named mgr. of distributor products for the industrial chemicals div. of Mallinckrodt Chemical Works of St. Louis. He succeeds C. L. Crump. Rodenmeyer is responsible for all phases of Mallinckrodt's marketing program for industrial chemicals sold through dealers. Rodenmeyer joined Mallinckrodt in 1955 as a chemist and within a year was named a supervisor in chemical control. His most recent assignment was as assistant mgr. of distributor products.

Cushman Demonstrates New Line of Vehicles

Cushman Motors, a Lincoln, Neb. subsidiary of Outboard Marine Corp., announces a new line of golf cars, scooters and three wheel util-

ity vehicles. The company had just completed a nationwide tour showing the vehicles to dealers. One of the biggest changes in the line is addition of two new advanced design, 4-cycle, 9 and 18 hp diecast aluminum en-

gines. Among the completely new vehicles unveiled is the gasoline Golfster which has a fibre glass body and will run all day on 5 gals. of gas.

Poye Appointed Sales Manager by Chamberlin Metal Products

G. Kenneth Poye has been appointed Sales mgr. of Chamberlin Metal Products Co. He directs sales and marketing activities. Chamberlin pioneered in the golf cart field and has national distribution plus foreign sales. Poye has an extensive background as a salesman, sales engineer, and sales rep. He is a graduate of Wayne State University.

Essig on MacGregor Advisory Staff

Don Essig, 1957 Public Links champion and more recently a Louisiana State U. golfer, has joined the MacGregor advisory staff. He turned pro almost a year ago and is affiliated with the Sycamore Springs GC in Indianapolis. Essig's greatest triumph as a collegian came in the 1960 Southern Collegiate when he tied for first.

exclusive "flared" construction for better balance. The face has special "pyramid" scoring that aids in aiming and is said to power the weight of the club directly behind the ball.

The hitting area is larger too. The face is sand-blasted to provide "touch" for better control. Other features: Pro-Pel Action shaft; Finline Grips or Black and Gold leather Firma-Grips. The clubs are available in matched sets of nine, eight or separately.

Neolite Flex in Golf Shoes

Neolite Flex, made by Goodyear's Shoe Products div., Akron, O., is being used by 30 man-

ufacturers in making men's and women's golf shoes. Flexibility, durability and non-curling are features of the material. The sole's deep counter-sunk receptacles assure spike retention and simplify insertion. Neolite Flex also is used for dress shoes.

**Pennington Introduces
Leaf & Litter Attachment**

A new Leaf and Litter Sweeper attachment for riding mowers is being introduced by Pen-

nington Mfg., Co., Addison, Ill. Pennington officials say that the sweeping attachment picks up leaves (even wet ones), paper, twigs, clippings, etc. and blows the material into a hopper cart. Along with the Leaf and Litter Sweeper the company offers an outrigger mower, snow blade and leaf mulcher attachment.

Melflex Markets 6-Way Mat

Melflex Products Co., 410 S. Broadway, Akron 8, O., claims a big improvement in range mats with invention of its 6-way mat. No lift-

ing or shifting of the mat is said to be necessary with its three-section device (driving, fairway brush and standing insert) for either right or lefthanded golfers. Melflex says it also has overcome the waterswelling problem. Standard size is 44 x 60-ins. and special sizes are available. Melflex mats are reversible.

**Sewerage Commission to Continue
to Manufacture Milorganite**

In letters to distributors and in some of its ads, the Sewerage Commission of Milwaukee has strongly refuted rumors and a newspaper article that it is planning to take Milorganite off the market now or in the future. In fact, the Commission has gone on record as saying,

"We'll continue to manufacture and sell Milorganite as long as there is a Milwaukee." In the last four years \$5 million has been invested by the Commission in dryers, filters and other equipment. Plans are to increase the plant's capacity by 20 per cent to meet growing demand for Milorganite.

**Rain Bird Introduces
Concealed Sprinklers, Pop-Up**

National Rain Bird Sales Eng. Corp., Azusa, Calif., is introducing a new line of concealed turf sprinklers, Rotor Pop-Ups for use on automatic or manual controlled underground systems on large turf areas. Designed for hills or level ground it is available in part or full circle sprinklers, with full circle models being available with single or two nozzle sprinklers. The sprinklers are designed to be installed flush with the ground. The Pop-Ups employ the positive oscillating arm drive and bearings that are protected from wear by Rain

Kill WATER WEEDS!

Water hazards and lakes now may be cleaned of all rooted aquatic weeds, Lily, cattail, milfoil and many other aquatic weeds are easily killed with one application of R-H GRANULAR WEED RHAP. It is easily applied — will not harm fish or animals. This inexpensive application usually lasts from 18 to 36 months. Write for further information or ask your dealer.

REASOR-HILL CORPORATION

BOX 36G, JACKSONVILLE, ARKANSAS

Bird "TNT" assembly. A heavy duty retractor spring on the sliding pop-up member assures positive closing of the sprinkler when the pressure is off. The entire internal assembly is removable from the top without removing the case from the riser. Rotor Pop-Ups are available from distributors or from Rain Bird.

Safety Spike Available with Mister Featherweight Rake

Mister Featherweight, an all-aluminum rake, is furnished with a spike so that it can be stuck in the sand and prevent injuries. Marketed through the Lite-Weight Tool & Manufacturing Co., 11422 Fleetwood st., Sun Valley, Calif., the rake is available in two widths, 15 ins. and 8 ins. The larger model weighs less than 2 lbs. and both models have splinter-free handles. The spikes can be detached. For those who have the rake, but not the spike, the latter can be ordered from the Lite-Weight company.

A huge billboard featuring Wilson's Staff Ball is located on Chicago's Michigan ave. Seen by at least 100,000 persons a day, the billboard will be up through the month of June.

Velsicol Film for Dealers on Free-Loan Basis

Velsicol Chemical Corp., 330 E. Grand ave., Chicago 11, is making available to its dealers a lawn and insect control film for group showings. In color and on 16 mm film, it shows in about 14 minutes how to recognize various insects and how to control them. The film was produced by Iowa State University in cooperation with Velsicol. Prints can be obtained on a free-loan basis by writing to the firm. Black and white film for TV showing also is available.
