

TITLEIST PLAYS BEST...FROM TEE TO GREEN

CONSISTENTLY the longest off the tee. **CONSISTENTLY** the whitest and most scuff-resistant. **CONSISTENTLY** the most uniform... ball after ball and dozen after dozen.

These are the reasons why for 12 straight years (almost 13, now) more professionals and top amateurs have used Titleists in major tournaments than any other ball.

And remember, once your players are steady Titleist users, they've got to get them from you. You'll never find this same ball being sold in a store under another name, for the **TITLEIST**, like all Acushnet products, is sold through golf course pro shops only.

SWINGING AROUND GOLF

NEWS OF THE GOLF
WORLD IN BRIEF

By HERB GRAFFIS

Teenage clubhouses and teenage locker-rooms in main clubhouses, for boy and girl golfers and swimmers are no longer novelties... Kid officers and committees seem to be handling their affairs with good judgment and class.

James Lundberg, St. George, Utah., is pres., St. George CC, soon to start building first 9 of its 18... Open first 9 of Twin Lakes GC seven miles from Chapel Hill, N. C. . . . It is owned by John K. Watkins, Chapel Hill . . . Open fourth 9 at Woodmont CC . . . This 9 was enlarged from Par 3 9-hole course by Leo Treudberg, Woodmont's veteran green chmn., and Supt. Bob Shields.

Maury Fitzgerald, veteran golf writer of Washington Post & Times Herald, comments on tourney pros complaining about courses: "Some day the sponsors are going to quit babysitting and a lot of guys who couldn't hold club jobs will have to go into some other business."

George Ferrier, former PGA Seniors chief, and his wife, Chris, back in Danbury, Conn., after spending most of the summer in Scotland and England... George saw Paul Runyan win Ronald Teacher's International PGA Seniors trophy... He also saw Palmer win British Open after forecasting Palmer's victory... George Smith who retired last year after years as pro at Onwentsia Club, (Chicago dist.) and his wife, Mary, return to U.S. after summer abroad.

John Stobbs, writing in London (Eng.) Sunday Observer, says England (pop, 45,000,000; area 58,000 sq. mi.) has so much unused land suitable for golf courses it is "absurd" to limit public course golf to "an almost infinitesimal part of the

population." . . . Of England's 974 courses only 75 are municipal . . . Glasgow, Scotland (pop. 1,080,000) has eight municipal courses which had about 280,000 rounds the past 12 months.

Pinehurst opens its 5th course . . . All the Pinehurst courses run from and to the clubhouse, making the layout of the world's biggest concentration of courses

FRONT COVER

Some of the facts and figures about Ocean Reef CC, North Key Largo, Fla., are almost as impressive as those you see on the cover. There are thousands of palm, maderia mahogany, gumbo-limbo and other tropical trees on the course. On four of the first nine holes trees are located in the middle of the fairways. But No. 8, the hole you are looking at, has none of these obstacles, probably because it is only 130 yards long.

. . . John Shorey, pro at Allentown (Pa.) muni course, each year conducts one of the most popular of public golf course educational programs, the working girls' golf Clinic . . . Many secretaries, students, mothers take lessons . . . Shorey says, "Once women learn to play they play faster than men . . . They plan, do things quickly, efficiently and are speedier than men in making decisions."

Village of North Palm Beach, Fla., approves bond issue which, in part, will buy North Palm Beach CC 18 and clubhouse . . . Paul S. Godfrey & Associates, Albuquerque, N. M., to develop 3700 acre community with two courses . . . Frear Park, Troy, N. Y., municipal 9-hole course

LINDIG 4-in-1 ECONOMY CUTS TURF COSTS 4 WAYS

HIGHEST QUALITY SOIL MATERIALS. Exclusive patented dual shredder assembly on all Lindig soil shredders produces fine, even textured, well aerated materials with all the valuable manures and other humus retained for vigorous plant growth.

SHREDS ALL MATERIALS. Efficient design of shredding rotors provides instant and positive shredding and mixing of all soils and organic materials, wet or dry, including sod, compost and peat.

TROUBLE-FREE OPERATION. The new design of the Lindig Model L-40 Shredder, pictured above, is particularly desirable for golf course construction and maintenance work. LINDIG 4-in-1 ECONOMY enables you to feed, shred, screen (if desired), and load . . . all in one operation. Large hoppers will accommodate the average front-end loader, positive conveyor feed will deliver up to 40 cubic yards per hour. Top dressing is completely blended to a fine uniform texture for application when building and maintaining golf greens, lawns, roadside areas, and approaches.

MODEL TO MEET YOUR NEEDS. Capacities range from 3 to over 100 cu. yds. per hr. Added versatility is provided with optional screening attachments for most minute soil preparation and removal of stones and other foreign objects. Gasoline or electric power units.

MODEL B

Large, free flowing hopper on hand-fed models provide fast, even flow of materials to shredding rotor. Convenient discharge to 10 ft. onto pile, bench, wheelbarrow or low trailer. Capacities 3 to 14 cu. yds. per hr.

**KEEP
THE CROWDS
COMING**

Lots of things attract golfers: A challenging course. The freedom of outdoors. The rolling greenness. The beauty.

Cast iron pipe means as much to a golf course as these things do to a golfer. In fact, more.

Cast iron pipe rarely needs attention after installation, thus eliminating unattractive holes on fairways and greens; it delivers an uninterrupted supply of water.

Cast iron pipe insures the beautiful background that golfers appreciate . . . and it will continue to do so for more than a century. This helps keep the crowds coming.

CAST IRON PIPE RESEARCH ASSOCIATION, Thos. F. Wolfe, Managing Director, 3440 Prudential Plaza, Chicago 1, Illinois.

CAST IRON PIPE

THE MARK OF PIPE THAT LASTS OVER 100 YEARS

BLAST OF AIR quickly removes aeration plugs; easily handles your leaf problem, prolonging play thru late Fall. Cleans leaves & litter around clubhouse and parking areas (sweeps right under cars). LO-BLO, the Air Broom is walked wind-row fashion, blowing to central gathering point. **ATTACHMENTS:** Water hose allows "quick-wash" of areas, walks; excellent snow-throwing blade.

TERRA-TIRES ARE EASIER ON TURF THAN A GOLFER'S SHOE

And they go anywhere on wet or dry turf...have such low rolling resistance you often get an extra 9 holes or more out of a car battery charge. Terra-Tires offer you the benefits of golf cars—faster play, extra revenue, happier members—without costly turf damage. And they're great for other wheeled equipment, too.

TERRA-TIRE equipped car belongs to fleet operated by Point O' Woods Country Club, Benton Harbor, Mich.

Note to car builders: Terra-Tires for cars come with smooth or diamond tread. Write for details.

Jacobsen

New "321" greens mower

An outstanding new engine has been added to the famous Jacobsen GREENS MOWER—the Jacobsen "321". This new engine operates on a 32-to-1 gas to oil fuel mixture—a 50% reduction in the amount of oil used.

Other advantages of the new "321" GREENS MOWER include: longer plug life . . . extremely clean burning—smoke reduced to a minimum . . . new combustion chamber design that produces greater power

at low speed . . . improved fuel carburetion . . . and a new heavy-duty ball bearing support for the crankshaft.

Get the facts on these and other Jacobsen "321" GREENS MOWER features. They add up to easier handling, lower maintenance and the finest greens mower ever built. Ask your Jacobsen Turf Equipment Distributor for a demonstration or write for complete details today.
