

WHY SETTLE  
FOR A SPRINKLER  
SYSTEM THAT'S NOT  
"PAR FOR THE COURSE?"

ORANGEBURG Brand ABS Plastic Pipe is the modern piping for golf-course irrigation . . . and for good reasons. It is low in cost, easy to install, and because it will not rust or corrode, it will give trouble-free service for years and years. ORANGEBURG Brand ABS Plastic Pipe is furnished in 20-foot lengths; is light-in-weight and easy to handle and join. Solvent welded joints are made in a jiffy and because the pipe is joined on the outside, you

are assured of uninterrupted flow with minimum pressure drop. Semi-rigid ORANGEBURG Brand ABS Plastic Pipe has a pressure rating of 150 pounds and is available in 1/2" to 4" sizes. Write Dept. G-101 for more information

## SOLUBLE FERTILIZER

Peters 30-10-10 soluble fertilizer is manufactured by the Robert B. Peters Co., Inc. leading soil fertility control specialists and consultants to the florist greenhouse trade, from the results of over 80,000 soil tests done by them over the past 15 year period. Peters 30-10-10 soluble is a completely sequestered (no-precipitate, no residue) type fertilizer that contains ALL REQUIRED TRACE ELEMENTS in a chelated (completely available) form. It is compatible with all commonly used spray materials and is most effectively used to supplement the regular preventive spray program to obtain controlled fertilization. It contains a most effective penetrating and wetting agent.

# Mechanization! Savings! ROYER

*Royer Shredder Model 16, with Batch Hopper. Capacity up to 20 cu. yds./hr.*

A Royer Shredder blends, mixes and aerates your materials. It removes sticks, stones and other refuse you don't want and delivers the fluffed, textured mix you must have to build or renovate your turf—at a real savings in cost.

There is no need to tie-up your manpower when processing your soil mixes. Now you can mechanize this operation with a shredder that fits your budget.

Bulletin S-61 gives all the facts on Royer's mechanically fed shredders. Send for a copy. It pictures and describes 24 models, with capacities up to 150 cu. yds. an hr.

## Snow & Budget Problems removed at same time

WITH GOOD ROADS

M-60  
SNOW  
PLOW

Easily attached, the low-cost M60 quickly converts jeeps and pick-ups into efficient snow-removal units.

No holes to drill...no parts to remove. That's the quick and easy story of converting your vehicle—in minutes—into fast, low cost, efficient snow fighters. The new truck attachments simply clamp or bolt to the vehicle. To detach plow assembly,

merely remove two pins and store in any small area.

Designed for jeeps,  $\frac{1}{2}$ ,  $\frac{3}{4}$  and 1 ton trucks, Good Roads Model M60 Series is a reversible, open type trip spring snow plow. Its six, seven or eight foot plow moldboard can be quickly adjusted and locked in position to plow straight ahead or deflect the snow to the right or left.

For complete details, see your dealer, or write:

## TILE-LIKE RAMUC® POOL ENAMEL steps up attendance... makes maintenance costs dive!

Ramuc Enamel's tile-like finish and fade-resistant colors are proved attendance boosters. "We specify Ramuc Enamel for swimmer appeal, beauty, easy cleaning, long wear," says City of Austin, Texas' Joe Prowse, Jr. (Austin Recreation Department). The Lake Club of Wilton, Connecticut, ("The Executives' Club") reports: "Ramuc retains its color and glossiness remarkably well."

Thousands of managers of other commercial and public pools echo the same sentiments. Ramuc Pool Enamel saves money, because it *keeps* a pool attractive and cuts down on upkeep. The beautiful tile-like finish discourages the build-up of dirt and algae. It's easier to clean. Pastel colors promote safety by increasing underwater visibility.

Write for color chart and 32-page Handbook on Painting Pools—both free. Send us your pool's dimensions, tell whether it's metal, concrete or plaster, and the type of paint on pool—for specific advice without obligation.

"Coming home" on the beautiful AGRICO-fed 9th Green at Mohawk.

***"Agrico helped us beat  
last Summer's heat"***

*says William Salyers  
Greens Superintendent  
Mohawk Golf Club: Tiffin, Ohio*

"Using AGRICO COUNTRY CLUB Fertilizer, we've been able to maintain a heavy turf that's held up well under heavy play during the hot Summer months. For the past three years, as Superintendent of this club, I have used Agrico Fertilizers with highly successful results on both greens and fairways.

"AGRICO is no newcomer to this course. It has been used here for the past several years and has been an important factor

in the development and maintenance of this fine course."

Be sure your fertilizer program gives you the best results obtainable. Ask your Agrico Representative or regular supplier about an AGRICO COUNTRY CLUB feeding program for your course. Or write: THE AMERICAN AGRICULTURAL CHEMICAL COMPANY, 100 Church St., New York 7, N. Y. In Canada: AGRICULTURAL CHEMICALS LTD., 1415 Lawrence Ave. W., Toronto 15, Ont.
