32 Men Earn \$20,000 or More on 1962 Tourney Circuit

Final tabulations of 1962 PGA tour statistics shows that 32 players collected in excess of \$20,000 in official winnings. Eleven others topped the \$15,000 mark and a total of 50 men earned more than \$12,000. Nearly \$2,000,000 were shared in a record breaking year for the traveling troupe.

Arnold Palmer, the player of the year in 1962, won seven approved tournaments in amassing his \$81,448, which put him at the top of the money heap. He played 85 rounds and averaged 70.27 strokes per 18 holes to lead in the Vardon Trophy competition. Bill Casper, Jr., Gene Littler, Dave Ragan and Tony Lema were Arnold's closest pursuers in this division. Twenty-one men who played 80 rounds or more finished the season with stroke averages under 72.

Use of plastic covers of greens as winter kill prevention in the Midwest will be the subject of much study and discussion by supts. this spring . . . Pros haven't a monopoly on golf marketing trouble . . . Dealers at New York and Chicago sporting goods dealers show cried long and loud about really tough competition from catalog, premium and discount houses and others dealing in low

priced golf goods . . . Dealers envy pros who have an estimated 90 per cent plus of the top quality, top price market on which there is some profit without murderous competitive price cutting . . . Dealers talked about golf market development as carried out by National Golf Foundation in close association with PGA and individual pros as the most profitable sales building operation conducted in sports business . . . That's high tribute from merchants who have figured prominently in the development of junior baseball and other sports promotion programs.

Tom Mahan, sr., and John Boda earned cheers for the job they did in putting on the PGA's merchandise show at Port St. Lucie during the PGA National CC championship . . . Show was housed under a tent that covered 31,000 sq. ft. . . . There could have been more light in the tent, otherwise arrangements for display were excellent . . . Record crowd of 528 entered the PGA club tourney over Port St. Lucie CC's two fine courses, presented in perfect condition by

Cedric Auston, Phoenix (Ariz.) parks dept. supt., says city's Papago Park 18 will be opened around July 1... Bill Bell designing 18 for County of Sacramento at Ancil Hoffman Park... Mike Macaluso, now assistant at Bing Maloney course, to be pro at new course... Eddie Ault is architect of two nine-hole "executive type" courses that Maryland National Park and Planning Commission expects to have in play this year... Each course will be about 2,500 yards long.

Shell Oil Co's press preview of the new Wonderful World of Golf TV program, held at Toots Shor's, New York, Jan. 8, presented the match between Gene Littler and Eric Brown at Glenengles King's course, the first in a series of 11 weekly-hour-long full color TV shows that began on NBC Jan. 20... Writers generally agreed that this was the most interesting and best produced of any of the TV golf shows... Even the commercials are interesting and unique and get you wanting to buy what Shell is selling... Shell's current Wonderful World of Golf seems to have a broader appeal for golfers and non-golfers than last year's fine series because of the "atmosphere" material on courses, clubhouses and golf fans of the various countries... G. G. Biggar, Shell public relations vp, said the 1962 WW ratings were 50 to 100 per cent higher than any other regularly scheduled golf program last year... Gene Sarazen again does an authoritative job of commenting... Charley Price and Nancy Jupp turned in a championship job of writing for the 1963 WWG program... Photography was amazingly good, especially considering adverse weather conditions in some of the countries.

Don Bisplinghoff, Florida Open Champion and pro at Apollo Beach CC in the Tampa area, received an award as Tampa's pro of the year at a dinner honoring the city's 1962 sports stars... Bill Bommer, Acushnet pres., who has kept a vigilant watch in maintaining the company's pro only policy, says that discount houses are having greater difficulty every year in getting a few dozen Acushnet balls from pros to use as loss leaders... Bommer says the sneak buys of price-cutters now are more irritating than harmful to pros who want the pro quality ball market maintained.

William Deppen now general manager of Palm Beach (Fla.) National CC... Don Wilson is supt., Pete Cooper is pro and William Harvey is house manager...

Four former winners of the Dixie Amateur use coconuts for tees in warming up for this year's event which will be played at Palmetto CC in Miami, Feb. 5-8. Left to right are Arnold Minkley (1944), B. B. Lotspeich (1945), Paul Desjardins, defending champion, and Frank Strafacci (1940-41).

The place has a number of rental cottages . . . It recently was bought by real estate development interests . . . When a ball is driven 200 yards the clubhead is travelling at more than 100 mph at impact . . . The ball is struck with 180 foot pounds pressure and the hands and club absorb 30 pounds pressure at impact . . . All this, according to Bill Junker Fawick Flexi-Grip (Golf Pride) sales manager.

Ed Parker, Spalding pres., gave the Sports Fair in New York City a good day's work Jan. 7, then took a plane to London that night, got in some hard work at Spalding's British office and factory and flew back to be at his desk in Chicopee, Mass., Jan. 11 . . . Canadian PGA with help of its insurance counselor, Eric Gillespie, has formulated a sound pension plan, keeping the rates reasonable by figuring in the young apprentices . . . Talk, but nothing definite about PGA getting a cut on all TV programs involving members and using this money for a retirement plan . . . Ought to be something done to increase relief payment to needy members . . . Present rate of payment is tragically low for an organization of gentlemen sportsmen and businessmen.

Although newspaper estimates of golf galleries almost always are decidedly optimistic, persons experienced in checking golf galleries by cash receipts say that the Crosby tournament galleries at Pebble Beach and Cypress Point on Saturday probably came close to the newspaper guess of 40,000 . . . Estimates had 25,000 scattered around Cypress Point . . . Fred L. Riggan, sr., resigns as chmn. of the board of Mueller Brass Co. after 58 years
