There's Glint of Gold in Those Etonic Shoes

There is a glint of gold in the Etonic all-gold Official Staff Model golf shoe for men.

It has full gold kidskin lining, cushion innersole and new Power-Play spike placement. The shoe is crafted of choicest calfskin with genuine 14-karat gold leaf finish and is sold only in pro shops. Etonic shoes are manufactured by Charles A. Eaton Co., Brockton, Mass.

Pardy Acquires Control of Bridgeport Implement

Controlling interest in Bridgeport Implement Works, Box 397, Stratford, Conn., has been acquired by Thomas G. Pardy, who now serves as president. He had been sales and general manager since 1953. The newly reorganized firm plans to expand its sales through dealers in the commercial, industrial and farm fields. Other officers are E. Z. Sarka, vp, and Edna W. Pardy, sec. Bridgeport manufactures the Pixtone, widely used for picking up, carrying and dumping stones from 3/8 to 9-in. diameter.

Kent Markets Golf Tubes for Bag Insertion

Golf Tubes, product of Kent Sales & Manufacturing Co., 501 Dodge st., Kent, Ohio, are made of tough, colorful transparent polyethylene and are inserted in bags to prevent club shafts from getting nicked and scratched. Grips also are preserved by the tubes. The tubes are packaged for convenient display, with bulk packs containing 150 or 42 tubes, and gift packs, 14. Colors are red, natural, green and yellow. The tubes are 34 ins. long and 1 1/4 ins. in diameter.

Toro's Caddymaster Gives Fingertip Control

Toro's Caddymaster, a battery-powered caddy cart, is said to respond instantly to the finger to follow the player's stride, up or downhill. It can be disassembled without tools for easy transport or storage. The unit has a 12v power supply that is entirely enclosed, and a 110v a.c. charger and timer clock are built into the battery box.

Use IHC 404 in Building Tippecanoe CC Course

Tippecanoe CC, Monticello, Ind., used an International 404 with 2000 loader to construct a 9-hole addition to its course last fall.

The unit was primarily used for building tees. After final touches are put on the new part of the course this spring, the club will use the tractor for mowing and other maintenance work.

Bob Harrison Joins MacGregor Pro Staff

Robert W. (Bob) Harrison, former North Carolina Junior champion and member of a Rollins (Fla.) College golf team that was unbeaten for three years, has joined MacGregor's advisory staff. Harrison, a pro since 1960, did well in the 1961 Portland and Bakersfield Opens and in 1962 finished high in the money in several tournaments. A fourth place tie in the Seattle Open was his high mark for last season. He is 24 years old and started playing golf eight years ago.

Turface Improves Drainage in Green, Tee Construction

Turface, product of Wyandotte Chemicals Corp., J. B. Ford div., Wyandotte, Mich., is a

new type soil amendment developed for top-dressing and construction to improve tees and greens to improve drainage and aeration. A calcined mineral aggregate, Turface is said to help grasses develop sturdier root structures by storing moisture at root level. It also acts as a separator for aeration purposes, particularly in sticky, gummy soils.

SS-13 Reduces Seepage

Owner-Pro George Jemsek of Chris Town G & CC reports that seepage on the course's lagoon has been reduced by almost 90 per cent through application of Soil-Sealer 13. Information about the chemical stopper can be obtained from Bishop White & Assoc., 3933 E. Flower, Phoenix, Ariz.

Cooler, Operated on L-P Gas, Needs No Electricity

Sahara Water Cooler Corp., 1633 S.E. 4th st., Deerfield Beach, Fla., produces an L-P gas operated water cooler adaptable to all courses. It requires no electricity or batteries, operating on a time tested and proved gas absorption principle. Courses with fresh water lines can easily connect to the Sahara, while those without lines can manually fill a 9.3 gallon reservoir to supply it. The manufacturer points out that with the cooler, costly icing problems are eliminated and there is no necessity to make water line and electric cable installations. A descriptive brochure can be obtained by writing to Sahara.

Mann Supervises First Flight, Palmer Co. Production

Paul Mann, who has specialized in the engineering of production lines and in producing golf equipment for the last 25 years, has

Dan Oehmig Paul Mann Jack Harkins

accepted a position with First Flight Co., Chattanooga, Tenn. to supervise expansion of the company's golf line and to set up production of Arnold Palmer Co. equipment. Construction of a new plant to house both manufacturing facilities was started in January. It will encompass about 36,000 square feet of manufacturing space. Mann attended Northwestern U. and is a graduate engineer. He is married, has two children and makes his home in Chattanooga. Announcement of his signing with First Flight was made by Jack Harkins, board chairman, and Dan Oehmig, the company's legal adviser.

Five Jacobsen Appointments

Jacobsen Manufacturing Co., Racine, Wis., recently announced the following appointments: H. Ernest Munch to manufacturing manager of the Racine plant; John E. Burke to sales rep for commercial products; Robert McNabb to manufacturing engineer; John A. Chobanian to production control manager; Walter L. Stripe, Jr. to cost and budget supervisor; and John K. Jacobsen to conduct institutional market research.

Pop-up institutional sprinklers made by Moist-O'Matic, Riverside, Calif., a Toro Manufacturing Co. subsidiary, have manual controllers that can override the automatic system for special watering programs. Controllers are installed outside the sprinkling diameter to control watering, completely eliminating the need for shifting hoses and sprinklers as with older systems.

**Disease, Measuring Guide
in Mallinckrodt Chart**

The convenient Turf Fungicide application chart, published by Mallinckrodt Chemical Works, 2nd & Mallinckrodt sts., St. Louis 7, Mo., again is available from this firm. It enables the supt. to keep an accurate record of his turf disease control program for the entire year. It is recommended that he hang it over previous years' charts so that a detailed history of treatments of every green is available. The chart includes a Timetable which tells when to be alert for certain diseases and an Area Measuring guide for figuring correct fungicide dosages.

Wright Takes Flintite Post

John Wright has been named sales engineer of the Flintite sales dept., Indianapolis region, according to E. C. Koch, vp of the Orangeburg div. of Flintkote Co. He covers all of Indiana and central Ill. Wright was graduated from Purdue U. with a B. S. in civil engineering and before joining the Flintkote firm was a sales engineer with Armco Steel Co. Orangeburg produces Flintite asbestos cement pipe in a new plant in Ravenna, O.

**Palmer Instruction Record
Available from L-M Dealers**

The Arnold Palmer instruction record, made in conjunction with the weekly ABC-TV Challenge Golf show, is available exclusively through Lincoln-Mercury dealers throughout the country. The LP records on which the Palmer lessons are pressed consume about 1 1/2 hours playing time, and the album in which they are packaged includes photos and text describing Palmer's swing.
