Swinging Around Golf*(Continued from page 158)*

Demaret to task for the oversight . . . The TV man who handled the publicity, etc., on the match should have tipped off Jim as to whom the supt. was . . . That's one example of where the course supts. take a beating in the public relations department.

While we're on TV, those slow motion

shots of the Challenge Golf series speak a few thousand words about the swing . . . And, Shell adds a lot of interest to its show by dubbing in that background information about the cities and countries in which the Wonderful World matches are played . . . Alliance, Neb. residents recently completed a course in which they put \$20,000 plus their labor, and donated it to the community.
