

**This Christmas give U. S. Royals—
the world's finest golf balls in a truly luxurious case**

What golfer would not be delighted with Royals! Royal L/P for championship play. Royal Red for extra durability, or Queen Royal for the lady golfer. For Royal is the ball with the new Accelerator Thread, the ball that **burns up the course**, leaps off the club head with a crisp click, a sweet feel. And this year, the dozen and half-dozen are presented in a black-olive Naugahyde® vinyl case that makes a truly luxurious gift on its own. Names up to 15 letters imprinted on the ball free, if you order the **dozen size before November 15**. See this attractive present at your golf professional shop along with U.S. Royal Golf Clubs, Golf Bags, and Carry-all Bags. **Look for the L/P.**
