

ROOM USE ONLY

# KEN VENTURI WINS THE USGA OPEN WITH GREAT NEW REGISTERED ROYAL!

Victory in the 64th National Open of the U.S. Golf Association was a team effort—a great professional teamed with a great golf ball.

The new Royal is that kind of a ball, so clearly superior that now every Royal is registered.

It takes 9 days, 85 separate operations, plus hours of exhaustive tests to build a ball good enough to register. The Royal Registered seal and number are your guarantee that the ball you play has met the highest quality standards ever set for a golf ball.

The tournament-winning Registered Royal is sold only by your golf professional. Buy it. Play it. **It's built to go the distance.**
