 8-11 Masters, Augusta National, Augusta, Ga. - \$20,000 (min.)

Hall of Fame award, made a clever talk, telling that the award touched him to the heart and his heart hadn't been any too good lately . . . He's had several heart attacks . . . Acceptance of the posthumous Hall of Fame Award for Ed Dudley was gracefully handled by Tom Semans of Penfold Co.

Martin (Grass Hat) Mattison, Hawaiian sales rep for several club and ball and course equipment manufacturers, got himself heavy duty as a tourist guide in showing Canada Cup visitors Hawaiian courses and acquainting them with Hawaiian pro staffs . . . Grass Hat has been Hawaii's liveliest golf booster on the mainland for some years and the Canada Cup affair and sidetrips confirmed his enthusiastic ballyhoo about the bright picture for golf in the 50th State.

"REGULATION" WASHER

- Operates on proven paddle action
- Weather and wear resistant, inside and out
- Quick, thorough cleaning action
- Virtually maintenance-free
- Economically priced

A quality-built washer with molded aluminum alloy casing, plus Nylon brushes and paddle. Mounts on any 1 1/4" pipe. Cleans balls completely in a matter of seconds.

"PIGGY BACK" Mounting

Double your washing capacity at tees by mounting 2 washers back to back on single pipe.

Consult with your dealer or send for complete catalog today.

FBI Alerts Golf Resort Operators To Con Man

The Federal Bureau of Investigation is seeking Harry Beauregard Ogburn (also known as James Wade Edwards, Thomas Edward Holmes, Martin Edward Krooz, Edward Patrick Leary, Bertram Ellis Thorne, James Edward Wade) who is charged with unlawful flight to avoid prosecution for grand larceny. He is also wanted as an absconder by the New York State Division of

Ogburn

Parole. Ogburn has been described as an avid golfer who apparently travels frequently from one golf resort area to another. He has further been described as a con man and has a lengthy arrest history, including violations for forgery and motor vehicle theft as well as bail jumping.

Two Social Security Numbers

Ogburn is male, white, born on August 20, 1921. He is five ft. 11½ in. tall and weighs 184-190 lbs. He has hazel eyes, a ruddy complexion, and dark brown hair that is graying at the temples. He has worked as a chef, cook and clerical worker. Social security numbers are 249-16-8811 and 246-40-4352. Scars and marks include a cut scar over the left eye and a dimple on his chin.

If any information is known concerning Ogburn's activities, past or present, the nearest office of the FBI should be notified. No action, the Bureau cautions, should be taken that would endanger anyone's safety.

Earl Dean, general manager of Bob O'Link CC, Highland Park, Ill., retired Jan. 1st after 42 years and will take an extended vacation . . . J. David Anderson general manager at Tamarisk CC, Palm Springs, Calif. replaces him . . . Green Valley G & CC, near Fayetteville, N. C., opened its new \$150,000 clubhouse this fall . . . Concord CC (Delaware area) expects that its new clubhouse will open about March 1 . . . May 19, 65 is the target date for opening of Great Southwest Carp's 18-hole course near Dallas, Tex.

The Elks Country Club (near Columbus, Neb.) has opened a new lodge-clubhouse and golf course . . . Work is underway on the new \$1.5 million La Quinta CC clubhouse at Palm Springs, Calif. Bloomfield, Conn. is the site of the new Tumble Brook CC.

University of California Agricultural extension service has scheduled a nursery, landscape tree and turf conference for Riverside, Feb. 3-5 . . . Wayne C. Morgan, turf advisor with the U of C, has taken a year's leave and is studying for an advanced degree . . . George S. May Memorial Trophy, which stands 44 inches high and weighs 130 pounds, has been donated to the Western Golf Assn. by the family of the late World Championship tournament sponsor . . . The names of 61 Western Open winners, 62 Amateur and 47 Junior champions are engraved on three large silver plates affixed to the base of the trophy.

Mike Bliss, president of the Mid-Atlantic Blind GA, 6135 Wayne ave., Philadelphia 44, persuaded several clubs in the Philly area last year to set out cartons for donations of golf balls to blind players, and raised about 600 . . . He plans to do the same thing this year . . . His group has a membership of about 25 . . . When a new member joins he is given equipment and arrangements are made with an area pro for lessons . . . Playing in the Northeastern GCSA tournament last fall, Dewey Brown of Indian Lake, N.Y. scored a 160-yard ace . . . The ball didn't bounce but made direct contact with the cup . . . His foursome, including Fred LaBrake, Tom MacKenzie and Ed Toole, would have scored 1-2-3-4 on the hole if MacKenzie hadn't missed an easy birdie putt.

Ninety per cent of all CMAA chapters contributed to the organization's 1964 scholarship fund . . . The goal of \$5,000 was exceeded by more than \$500 . . . The 25th National Baseball tournament has been moved back from Feb. 18-21 to Feb. 25-28 . . . It will be played at the Miami Springs CC in Miami . . . Jay J. Burry has been named head pro at Cold Spring (N.Y.) CC . . . He was an assistant to Bob Watson at Wykagyl CC, New Rochelle, N.Y. in 1963 and 1964 and broke into golf under Claude Harmon at Winged Foot.

Lakewood GC will hold its 11th annual Senior Invitational tournament at Grand Hotel, Point Clear, Ala. on Jan. 21 through 23 . . . Lew Myers, pro at

NEW — LABOR-SAVING Pebble Catcher

- ★ Eliminates "clean up" with greensmower or sweeper after topdressing.
- ★ Leaves completely smooth putting surface.
- ★ Accomplishes floating out topdressing and does better job of working in material.
- ★ Big labor savings in topdressing operation.
- ★ Allows use of coarse material alleviating compaction.

Attach "Pebble Catcher" to the end of the drag mat to catch all particles which bounce through the mat. All particles too large to be worked in bounce over the sections of the drag mat. By using the "Pebble Catcher" you either drag them off the green or catch them. In many cases, if proper shredding equipment is used, screening of top dressing can be virtually eliminated. Immediately after dragging with the "Pebble Catcher," greens can be mowed without fear of damage to greensmowers.

Located between South and North courses of Canyon CC in Palm Springs, Calif., is the \$4 million, 201-room Canyon Club Inn which will be opened within the next few weeks. The U-shape hotel encompasses a patio-pool area and tennis courts adjoining the main building. Hotel covers 7½-acres.

Gloversville, N. Y. . . . Purchase (N.Y.) Hills CC has acquired the services of Bill Collins as head pro. Collins will begin his duties in January and club, now under construction, will open this spring . . . Senic GC, overlooking Lake Winisquam and with a backdrop of the White Mountains, will open early next spring just south of Laconia, N. H. . . . Enlargement of 9-hole links in Weequahic Park, Newark, N. J., will be converted to a full 18-hole championship course by the County Parks Commission during 1965-66 . . .

Randall Oaks GC is near completion at Dundee, Ill., with work on the club house having been begun recently . . . Freeport, Grand Bahama Island, will see the opening in May of an 18-hole championship golf course to adjoin the new Kings Inn . . . This spring will see the opening of the Arrowbrook CC near Bordentown, N. J. . . . A new golf course near East Moriches, N. Y. is being built with 9 holes ready for play this spring . . . \$360,000 addition is planned to clubhouse of Tripoli CC, Milwaukee, Wis.

Medinah (Ill.) CC's members have voted to appropriate three-quarters of a million dollars for club improvements, including a golf service center that will house a pro shop, 100 electric golf cars, caddie facilities, members' club storage and practice nets. This structure will be built in the Moorish style of architecture of the main club house.

Golf Business News

Woods With 'Easy Playing Shape' Are Marketed By Wilson

Wilson Sporting Goods Co., 2223 West St., River Grove, Ill., 60171, has available 1965 X-31 woods with several new scientific features. Effective hitting area is broadened because new shape places the shaft closer to the center of gravity than in other standard clubs. Torque in clubhead is thus lessened by shaft position, minimizing slice or hook. Epoloc face is designed for more effective ball impact and is molded into the clubface without glue or screws. Clubs are available in ebony finish with cream or black face insert. Sets are matched.

Mallinckrodt Cites Big Jump in Mercury Metal Prices

Mallinckrodt Chemical Works, St. Louis 7, points out that mercury metal prices have been climbing at fantastic rates on the world market and has made necessary an increase in the price of mercurial based turf fungicides. Most manufacturers have attempted to hold the price line by passing on only a small portion of the increased cost of fungicides to their golf course customers. In June, 1963, mercury metal was listed at \$184-\$187 per 76-lb flask; by December, 1964, it had jumped to \$495-\$505 per flask, a 170 per cent increase. The price of Mallinckrodt's Calo-Clor, with a total mercury content of 76 per cent, has increased only 32 per cent in this period.

Waterproof Royal Golf Shoes

A new golf shoe from U. S. Rubber Co., New York, is lightweight and flexible, styled in the traditional golf-shoe fashion of a "V" throat pattern with shawl. The upper portion of the shoe is made of U. S. Royalon. The steel spikes are replaceable. The shoe is also washable. The new Royal shoe features a wide range of men's and women's sizes.

This tractor appeared many years later than the "Apple Tree" gang, which built the first U.S. course in Yonkers, N. Y., but it still has plenty of age behind it. It was one of the first built in 1906 by International Harvester Co., which turned out 14 of these sleek models that year. Last fall, IHC passed the four-million mark in tractor assemblies.

Schamp Named PEC Officer

E. D. (Dean) Schamp has been named vp and general manager of Product Engineering Co., Portland, Ore. Schamp was the founder of Radcor, a chemical processing equipment firm which, with Product Engineering, was acquired by Northwest Industries, Inc. in 1963. He becomes a member of NWI's board. Product Engineering manufactures the Con-Voy cart.

Wilson's Executive Set Bag

Wilson's 1965 golf bag line includes the Executive Set, which, says the company, has all the aesthetic and functional features a discriminating golfer could want. The leather body is complemented by leather trim and welt. The bag has a keystone step-down top ring, full length grommeted club dividers and specially molded plastic bottom. Carry-All and shag bag are constructed to harmonize with the golf bag.

Rake Has Visibility Features

Rake-Ezee sandtrap rake, produced by North Central Plastics, Inc., Ellendale, Minn., features a high density plastic head with extra long tines. A metal point fitted into the head makes it possible to jab the rake into sand or turf so that it stands erect and is easily seen. The rake's 4-ft. handle is painted bright yellow. Two head sizes are available — 14 and 22 inches.

Stevens Claims High Efficiency for Club Car Transmission

A 96 per cent efficient transmission and lightweight, all-aluminum frame are features of the 1965 Stevens' Club Car, made in Augusta, Ga. The electric car has positive drive sealed

unit with no open chains or V-belt to get out of line. The frame has great stability and won't rust. Club Car has a fiberglass body that is rust- and corrosion-free and comes in five colors - white, blue, red, yellow and green. Overall weight is 650 lbs. and suspension is by air-cushion shocks. The Stevens car travels 8 to 10 mph.

New Building For Champion Glove Co.

Champion Glove Manufacturing Co. of Des Moines, Iowa has moved into a new 20,000 sq. ft. building. The new building is of all

steel construction with a rock faced brick front. Air conditioned, the new facility has a large customer display room and new stock handling program, which enables faster service in filling customer orders.

Building Built By Sportsman's In Mississippi Expansion

Sportsman's Golf Corp., makers of Kroydon golf equipment, has begun construction of the first one-third of a planned 150,000 sq. ft. manufacturing plant on a twenty-five acre site near Pontotoc, Mississippi. Completion of this first stage of construction is planned for April of this year.

Manufacture of golf clubs and golf balls will be at this plant. Other Sportsman's items that are manufactured at Bay City, Michigan will be warehoused at the Mississippi plant to give all customers in the South fast service.

**New Buckner Automatic Water
 Controller Available for Courses**

A new 11-station automatic watering controller for golf courses is produced by Buckner Industries, Inc., Box 232, Fresno, Calif., 93708.

Available in two models—wall-mount and pedestal-mount—the B11 controller incorporates special 0-to-60 minute adjustment on each station. This variable time control feature enables the operator to choose any day or days over a two-week cycle and any one of 24-hour starts. Each of 11 stations is equipped with potentiometer adjusting knobs that regulate precision time setting for each station, and control the station's automatic valve. Because of this device, the operator may irrigate one area for as little as one minute—and irrigate other areas five minutes or more. Individual stations may be set to operate in sequence.

Adds Two Snow Throwers

Four and six hp Sno-Bee self-propelled, walking-type snow throwers have been added to the line of snow removal equipment manufactured by Allis-Chalmers, Milwaukee, Wis.
