LETTERS FROM ONE OF THE MANY LETTERS WE RECEIVE:

Gentlemen:

"We have five Travelrain Heavy Duty Sprinklers in service on our nine-hole golf course. These were purchased in order to permit installation of grass fairways without undertaking the very considerable expense of installing a sprinkler system.

These sprinklers have permitted us to grow grass within the past season on seven out of our nine fairways, and all under the difficult condition of growing grass from seed. The duty on the sprinklers has been heavy, and they have performed very satisfactorily.

We would recommend their use wherever it is desired to irrigate grass fairways economically, and where the cost of a permanent sprinkling system would be prohibitive.

Yours very truly,
H. E. MOORE, President
Douglas Golf Club
