NEW PRODUCTS

The new M-34 Anti-Freezing Murdock Drinking Fountain is designed to conform to modern architectural concepts. The manufacturer says the unit is constructed of brass, bronze and iron to withstand the ravages of weather and vandals, and adds that the self-closing foot valve prevents waste water. The side stream bubbler and mouth guard meet sanitary codes and the inner works are permanently assembled, so that re-washing once a year is practically all the maintenance ever needed. For additional technical data, write to the Murdock Manufacturing & Supply Company, 2488 River Road, Cincinnati, Ohio 45204.

Two models of the Bailey Golf Ball Picker are being offered by the Eastern Golf Co., 2537 Boston Road, Bronx, N. Y., 10467. According to the firm, use of the Bailey Pickers will save time, labor and money, in addition to reducing weather damage to the balls and preventing pilferage.

We tried harder

Now we're No. 1.

Cheer up, Avis! We've found that trying harder really pays off. Look what it's done for GOLF Magazine.

Once we were only No. 2 among golf magazines, just as Avis is No. 2 among rent-a-cars. So we tried harder. Before we knew it, we were No. 1 in circulation—325,000 readers, more than any other golf magazine ever published anywhere.

And now we're No. 1 in advertising. Trying harder meant a 34% increase in advertising last year. This year looks even better.

But we're still trying harder. That's how you stay No. 1.
