CONFESSIONS

continued from page 80

more prestige. The headaches are part of the job.

For every headache I have a hundred delights. Somebody in the locker room may be beefing when I come in late some afternoon; but somebody else may be bragging that I got him out of his habit of topping the ball and slicing, and he has just shot a 95 — the best game of his life.

At night I go home dead tired. The kids are in bed. My wife asks if there was a big crowd today. There was. They are paying to have fun and they're having it. That's great for them and for me. That's my business. •

We Can Irrigate Your Turf Three Different Ways

- #1.** We will design, engineer and install a fully automatic underground system, complete and ready for operation.
- #2.** We will supply complete materials and equipment, as well as supervisory counsel.
- #3.** Or, if you prefer, we will supply complete materials for you to do the job yourself.

Ours is the largest, most experienced irrigation company in the Northeastern United States.

We are supplying irrigation systems to the entire free world.

We distribute 28 nationally known lines of irrigation equipment and supplies, including Vis Queen Bell-Ring Pipe and Thompson Commander Sprinklers.

For full information, telephone us collect.
Our turf expert will contact you within 24 hours.

HOW

**does your Chief Rainmaker
water your reservation?**

If he dances for rain or labors stoically with a hand coupling system... your tribe is losing much wampum on labor and water.

Thompson gear-driven, rotary, pop-up sprinklers make most turf irrigation equipment obsolete as a beaded rattle.

On golf courses, for example, an automatic Thompson/Griswold programmer and system of automatic and flow control valves will time-control irrigation of greens, tees and fairways... all independently, with cost-saving low voltage.

*Chief Rainmaker's
SAVE WAMPUM
kit includes product
details and
valuable studies,
"The Economics of
Large Scale Turf
Irrigation," and, "The
Costs of Large Scale
Turf Maintenance."
Good Medicine!*

**WRITE FOR FREE
KIT...** call your
Thompson distributor
... let's pow-wow
about how your tribe
can reduce costs of
turf irrigation
up to 50%

If you think a trouble-free
sprinkler system has to cost
a fortune and take forever
to install, check some of the
many courses sprinklered
the *Cres*^{LINE} way*

CRESline Systems last indefinitely, yet cost installed averages 50% less than nearly any other type. An 18-hole installation takes about 5 weeks and seldom disrupts play.

We'll make a system layout for your course and furnish facts on the CRESline pipe it will take. You can then get estimates and award the installation job to the contractor of your choice. Write for simple questionnaire that will give us the facts we need to make your layout.
