

A psychological test for golfers:

1. When your putt hangs on the edge of the cup, do you stand there for hours looking at it, waiting for it to fall in? **2.** Have you ever driven into a pond, and then proceeded to throw your golf clubs and caddie into that pond? **3.** When you slice your first shot of the day, do you pack up everything and go home? **4.** If your ball stops when it's not supposed to, do you mash it into the dirt to get even with it?

If you answered yes to any of these questions, you'd better think twice before using the Royal® Plus golf ball.

You see, the Royal Plus is as close to the perfect golf ball as you can get. (Only 1 out of every 5 balls we make qualifies for the name Royal Plus.)

Which means you have to be emotionally mature if you want to play with it.

Because if you ever hit a bad shot, you can't blame it on the ball anymore.

	Yes	No
