

Golfers of America, grow up!

When something goes wrong with their game, most golfers usually pout, throw a temper tantrum and blame everything in sight.

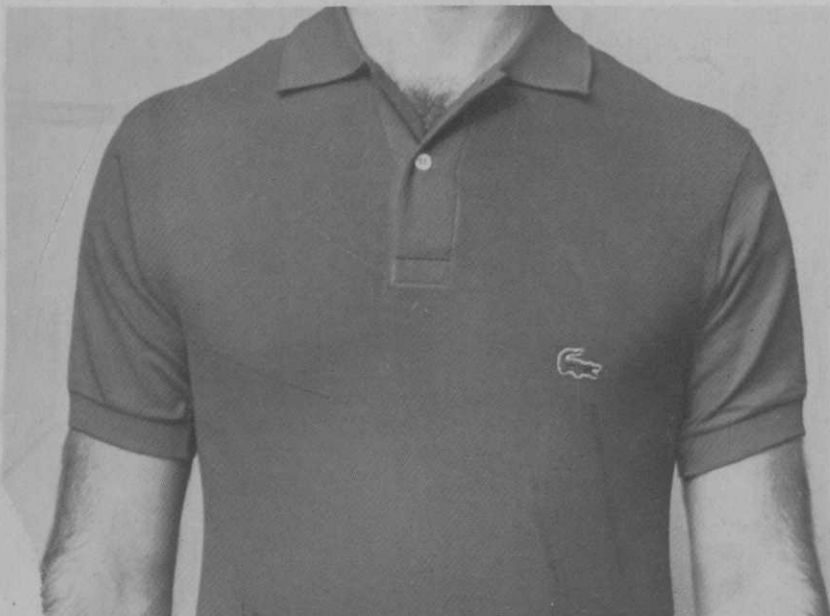

It's really a sign of emotional immaturity, you know. And, if not corrected, can get worse.

To help remedy this, we prescribe the Royal Plus golf ball.

The Royal[®] Plus is as close to the perfect golf ball as you can get. Only 1 out of 5 balls we make qualifies for the name Royal Plus.

Which means if you ever hit a bad shot with it, you can't get off the hook by pinning the blame on the ball.

We're afraid you're just going to have to take your medicine. Like a man.
