

jack-of-all-trades

Grounds maintenance. Light hauling. Or park improvements. You name it. Harley-Davidson Utilicars can handle it. What's more, they cost less to own and operate. Gasoline and electric Utilicars can be custom built to perform a wide variety of jobs. And they're available with turf-protecting or road-hugging tires. A simple, easy-to-operate ignition device shuts off the engine on our gasoline car as you lift your foot from the accelerator. Eliminates gas-wasting

idling. The automatic transmission also eliminates needless shifting and any possibility of tearing up the turf and the transmission. Service? It's just around the corner, thanks to our nationwide network of servicing dealers. For the complete story about cost-saving gasoline and electric Utilicars, see your Harley-Davidson dealer first chance you get, or write: Manager, Commercial Car Division, Harley-Davidson Motor Co., Milwaukee, Wisconsin 53201.

NEW STEERING WHEEL is offered as optional extra. Provides 8 7" turning radius. Fourteen other useful Harley-Davidson options available.
