

GREAT CONTROL

courtesy of the Agway Turf Pro ►

Agway Turf Pro

knows what a disappointment it is to plan a shot, execute it right on the money, then stand in frustration as a hard spot adds a twenty-yard bounce thirty degrees off course. The man from Agway can help make this kind of frustration the exception on your course.

He is a turf specialist.

One who knows, for example, the importance of seed selection to make the most of the varying conditions that exist on any course. It is part of his job to help formulate a blend that will do the job right and help assure the most playable turf possible.

He understands the day-to-day problems you have to solve to keep your course well managed. The need for alert response to pest problems, the nutritional balance required, the labor situation, the importance of member relations.

You can benefit from his helpful counsel and from the unusual combination of professional turf-maintenance products offered by Agway. From select seed, turf foods and blends to mulching materials, tools, fencing and buildings, Agway has designed a program with one-man responsibility: That of the Agway Turf Pro serving your area.

There are other benefits.

A 24-hour hot-line telephone recall system that gets you answers fast.

3x6

Special services such as the "3 x 6" soil-test program for customers and the labor-saving Porta-Bin turf-food delivery system.

All available through one responsible specialist.

The best place to begin is with an invitation from you. An invitation to the Agway Turf Pro to play your course. There is no better way for him to get acquainted with you and size up your course.

Phone the invitation, collect, to A. J. Wells, Manager, Commercial Sales, Agway Inc., Syracuse, N. Y. The number is 315-477-6112.
