

The only gas car you wouldn't know was running...Harley-Davidson.

Photographed at The Greenbrier,
White Sulphur Springs, West Virginia

A Harley-Davidson gasoline golf car hardly speaks above a whisper. And never out of turn. Running, it's quieter than the average voice. And fifty percent quieter than any other gas car. When you want absolute silence, you get it. And you

get it fast. Just take your foot off the accelerator. All you hear is silence. There's no distracting idling to cause you to lose the line on your thirty-foot putt. And no unnecessary revving to put up with. To start our car, just depress the

accelerator. Harley-Davidson golf cars. The only thing noisy about them is all the flattering talk they create. The quiet ones. Your choice: gas or electric cars. AMF | HARLEY-DAVIDSON, Milwaukee, Wisconsin 53201.
