395 Golf Lessons  
by Gary Player

Digest Book, Inc.  
Northfield, Ill. \$3.95

If you're no longer a bubble-gum freak, you probably think there's nothing with a penny price tag that can satisfy any of your adult needs. How about a lesson with Gary Player? Worth a penny? You'd better believe you'd pay a penny for a chance to have the intense South African point out some improvements you can make in your week-ender's way of swinging. Well, that's all it costs, providing you sign up for a series of 395 lessons.

Quite seriously, it's as good an instruction book as you'll find. Clear illustrations and commentary with Player's characteristic acumen make each lesson worth savoring.

It can be read as a textbook—an introduction to Golf 101—or as a reference book that will be a guide even to teachers.

Player starts off by listing his "Ten Commandments of Golf," 10 basic rules under which can be grouped all phases of the game.

The rest of the book is devoted to precise instruction, which is meted out in three-panel strips dealing with specific problems. Each of these strips comes under one of the 16 section headings; for instance, "Playing Off a Downslope" is one strip in the section titled, "Trouble Shots." The other sections are: Swing Fundamentals, The Tee Shot, Fairway-Shots, The Wedge Shot, Sand Shots, Chipping, Putting, Course Strategy, Club Selection, From the Rough, Tips for the Ladies, Equipment, Practice and Exercises.

The biggest section, "Common Faults and Cures," gives Player's remedy for most of the ailments of the weekend player.—PARKER SMITH

# When it comes to new nine-gang mowers, here's where we stand.

Meet Bob Snider, of Moon Equipment Company, the Jacobsen Distributor in Cincinnati, Ohio. He was one of the first customers for the big news in mowing tractors from Jacobsen.

The new *nine-gang* F20.

Like all the rest of us Jacobsen Distributors, Jacobsen had to sell him first before he takes on any new Jacobsen equipment. The reason: he's an independent businessman. That makes him a buyer before he's a seller. And that means he's convinced the new F20 will perform the way it's designed to.

For instance, the F20 is designed to get the big jobs done in a big hurry. And it does. Because it cuts a huge 19 foot swath, it can mow about 76 acres in a 8-hour day. And move between mowing areas up to 25 M.P.H.

Equipped with rear wheel steering, the F20's reels turn in the same arc as the steering wheels. The result? No skipping, no skidding, no uneven cutting in the

turns. And because the wheels are behind the mowing units, there are no wheel streaks in the straightaways, either.

It's also highly maneuverable. Gets close to bushes or buildings, in and around trees. The rugged front drive delivers sure traction on grades and sidehills. And the front mowing technique gives the operator a safe, unobstructed view of the cutting area and outboard mowers.

About versatility: all nine reels may be lowered and raised from the driver's seat with finger-tip controls. Use any combination of reels for cutting. Median strips are cut right from the roadway with an outboard mowing unit.

We also sell a seven-gang F10 mower. It works just like this new nine-gang model, and cuts a 15 foot path.

For the really big mowing jobs come and see any of us Jacobsen Distributors for the new nine-gang F20.

We're always up on the latest developments.

## Your Jacobsen Distributors

Before we sell it, we buy it.

For the name of the distributor near you write: Jacobsen Turf Distributor Directory, 1721 Packard Avenue, Racine, Wisconsin 53403
