

Westinghouse golf cars tamed the Bonneville. 33.9 miles without recharging.

Our cars racked up an incredible 33.9 miles in a sanctioned straightaway test on the Bonneville Salt Flats.* That's 59,664 yards without recharging. How long's your course?

Westinghouse electrics deliver. Power to spare. For rugged grades. Over long courses. And they're priced right to help you make money whether you buy or lease. Safe, too, with automotive-type brakes on both rear

wheels. The most important thing is they're built to operate from dawn 'til dusk, day after day, on an overnight charge.

Looking for power? For distance? Look to Westinghouse electrics. Westinghouse Electric Vehicles, Westinghouse Building, Pittsburgh, Pennsylvania 15222.

*Test sanctioned by the U.S. Auto Club with Westinghouse 3- and 4-wheel golf cars each using six Trojan 6-volt, 217-amp batteries.
