Neither wind, nor sand, nor heat...

can keep the Otis from its appointed rounds.

Finding a golf car that will operate perfectly under harsh conditions is a tough job. So, to make your job easier, Otis has developed the most rugged, powerful, safe and dependable car you'd ever want.

The Otis body is vacuum molded of high-impact Cycolac[®], the individual seats are all-weather vinyl with the driver's side easily adjustable. Combine this with a heavy-duty, 2 hp electric motor, 6 heavy-duty 220 amp batteries, hypoid drive train, and a combination spring/shock absorber suspension system and you've got hushed power, passenger comfort and all-day dependability.

Standard four-wheel stability, automotive type steering, drum-type brakes, and a low center-of-gravity help make the Otis the safest car to ever ford a dry gulch.

For the details on how to bring your golfers out of the rough, contact our factory and we'll have one of our brochures in your hands before the dust settles in this photo.
