and *Model 555 GT Giant Trac* turf truck.

Goodall Div., Bunton Company, features *Goodall* lawn and turf equipment. Trimmers and edgers with eight inch to 22 inch, self-propelled and riding mowers with power steering, from 21 inches to 52 inches.

Hahn-West Point Div. makes the four-inch *Aeri-Boy* aerator with one-fourth or one-half thatch spoons. Other aerators include the *Junior Aerifier*, *Grasslan Aerifier*, and *TM-80* and *TM-140* models. The *Vertifier* with core catchers and *Turf Plugger* also available.

Hayden Beatty Rambler, Inc., showing the *Beatty Hydraulic S-3-B* maintenance trailer with 7,000 pound dump capacity. Also, low deck height trailers and the *S-3-R Road King Utility Dump* series in off-road models.

Howard Rotavator Company makes the *Turf-Quaker* line of aerators in several models.

H. D. Hudson Mfg. Company offers *Peerless* power sprayers, *Industro* compression sprayers, *Porta-Flame* flame sprayers and *Trombone* slide-type sprayers.

Jacobsen Mfg. Company makes a full line of turf maintenance equipment, including mowers.

Kohler Company introduces to its line of engines a two-cylinder, 20 hp engine, *Model K532*. Also on exhibit will be four-cycle, cast iron, air-cooled engines, from four hp to 24 hp.

L.L. Larson Machine, Inc., features *Models 411, 421* and *413* broadcasters for applying fertilizer and grass seeds. Also, showing a complete line of sprayers for turf, shrub and tree maintenance.

Lindig Mfg. Corp. introduces a 160 hp, 16-inch brush chipper and an improved 15-cubic yard per hour shredder-screener.

The F.E. Myers & Bros. Company offers new the *TurfLine Fairway Sprayer*, featuring a 10 GPM DuAll pump, seven hp Kohler air-cooled engine with 300-gallon tank and high

flotation tires. There are 21 models in the *TurfLine* series; all have heavy-duty cast iron reciprocating piston pumps with pressures from 30 to 800 psi and liquid capacities to 36 GPM.

Royer Foundry and Machine Company introduces a self-powered wood chipper. Also showing the *Royer Shredder* (Model 120); *Powerscreens*, (Models 30 and 42). Also manually loaded shredders, soil shredders and chippers.

Ryan, OMC-Lincoln, introduces the *Greensaire II Core Processor*, which attaches to the *Greensaire II Aerator*. Cores are processed automatically. Also utility turf vehicles, disk spikers, top dressers/fertilizer spreaders, and other golf course maintenance equipment.

Smithco, Inc., introduces *Easy Rider III* trap rake, an improved model. Also *Thunderbird* and *Cardinal* sprayers. The *Cardinal* holds 200 gallons, is made of stainless steel and is equipped with a four-cylinder, radial 10 GPM pump. Accessories available.

Stewart Bros. Company, Inc., features the *Spread-All Top Dresser* in two models; new model is *WC-74*. Spreads five feet wide, has a 16 cubic foot capacity and is self-propelled.

Turf Vac Corp. introduces its *Model 70* vacuum, which can sweep both turf and pavement; available in five models. Also *Model FM-5 Lift Dump*, *Model GPU* self-propelled sweeper, *GTS* heavy-duty vacuum and *Model FM5* five foot wide turf sweeper.

Vandermolen Corp. introduces *Model 312W12 Diadem* brush chipper, an extra heavy-duty chipper that chips up to three-inch brush. Also, *Diadem* fertilizer spreader/seeder. *KWH* blowers and mistblowers and electric bug killers.

wheel model. Available with accessories for a variety of turf maintenance jobs.

Ford Tractor Operations introduces the *Model 1000* tractor (to be shown with *Model 915*, 60-inch mid-mount mower). An extensive line of maintenance vehicles, including snow throwers, rotary tillers, back hoes, compact loaders, landscaping equipment, scrapers and diggers.

Hesston Corp. exhibits the 18 hp *Front Runner* grounds maintenance tractors and attachments; *Model 180* drives Hesston's retractable 80-inch batwing mower. Also, being featured are the *H200*, 19.8 hp and *H160*, 16 hp.

International Harvester Company introduces the 46 hp *International 2400A* industrial tractor, available in regular or *Lo-Boy* models; will be shown with 84-inch industrial mower with heavy-duty drive line and bumper-guard. *International 3200A Compact Loader* with quick change plate and 58-inch bucket. Also on exhibit: *International Cub 154 Lo-Boy* tractor with center-mounted rotary mower; *International 149 Cub Cadet* with new 50-inch wide rotary mower; *International 21-inch self-propelled push mower* with grass catcher; *Model 355 Power Washer*; *Model 59-P*, five hp shredder-grinder; *Model 2041* edger/trimmer; *Model 2046* grass trimmer; *Models 2037, 2038* and *2039* hedge trimmers.

Smithco, Inc., makes the *Red Rider* models of work carts.

The Toro Company introduces its *Workmaster Utility Vehicle*, the *Mobil Service Van*, which takes service to the customers; the *Sand Pro*, with a spiker for greens and landscaping rake added to this implement's standard facilities; the *Groundsmaster 72* with a new leaf mulcher (new this year); *Rake-O-Vac* sweeper has newly designed thatching reel. Plus Toro's full line of walking and riding mowers and tractors.

Vermeer Mfg. Company makes a complete line of heavy-duty maintenance and construction vehicles, including trenchers, rock cutters, vibratory plows, back hoes, augers, stump cutters, log chippers, log splitters and tree spades.

MOWERS

Circle No. 110 on Reader Service Card

Excel Industries, Inc., showing its *Hustler Multi-Mower XL-272* with dual hydrostatic drive; 18hp with Kohler engine.

Ford Tractor Operations introduces the heavy-duty *Model 917* flail mower, featuring three cutting blades—fine, medium and coarse—available in 62-, 74- and 88-inch widths. Also, four rotary walk-behind lawn mowers: a 21-inch rotary, a 19-inch push type, a 21-inch self-propelled and a 21-inch self-propelled mower with electric start.

Hahn, Inc., features the *Tournament Deluxe* and *Tournament II* greens mowers, for mowing, verti-cutting and spiking. *Flex-A-Matic*, a new five-gang, self-propelled reel mower, with a maximum cutting width of 11 feet, eight inches; can be used as a three or five gang unit. *Power Drag Model-PD-2* for greens matting.

Hahn features also the **Ransomes** line of mowers: *Versa-Cut* hydraulic gang mower (five or seven units) and other gang mowers as well as a 20-inch walk-behind greensmower.

International Harvester features an 84-foot wide industrial mower with heavy-duty drive line and bumper-guard (will be seen with *2400A Lo-Boy* tractor); center-mounted rotary mower, 50-inch rotary mower, and a self-propelled, 21-inch push mower with grass catcher.

Kinco Mfg. Company makes the *Contour GPM* machine, which mows, power rakes and slices; and the *Kinco Mountain Goat (KMG-38)* for rough area mowing; cuts 38-inches wide.

Locke Mfg. Div. features its greens mower, *Tri-Plex*, with fully articulated cutting heads for maximum ground contour tracking. *Locke Maxi-2*, 87-inch cut with hydrostatic drive.

Mott Corp. makes hammer knife safety flail mowers in either self-propelled or powered trail-behind models.

National Mower Company features a 25-inch, walk-behind power mower; a 30-inch riding mower; a 68-inch triplex mower and an 84-inch triplex mower.

Ransomes Sims & Jeffries, Ltd. See Hahn, Inc.

Roseman Mower Corp. introduces the *Roseman* hydraulically driven reel mower in a seven-gang tractor mounted model.

Ryan, OMC-Lincoln, makes the 21-inch walk *Commercial Mower* with seven cutting heights, 1 inch to four, and with heavy-duty construction.

The Toro Company will offer a full line of walking and riding greens and fairway mowers and tractors fitted to the smallest and toughest jobs.

TURF PRODUCTS

Circle No. 111 on Reader Service Card

Agrico Country Club Products, Bishop Company offers the *Country Club* line of fertilizers, featuring formulations that fit into programs for more effective turfgrass management.

Applied Biochemists, Inc., makes *Cutrine-Plus* copper algaecide for controlling algae in lakes and ponds. Also, *Cutrine-Granular* for bottom growing algae and *Swimtrine*, a swimming pool algaecide.

Aquatrols Corp. of America makes *Aqua-Gro*, *Aqua-T* and *Aqua-Gro Granular* soil wetting agents. Also, *Stoma Seal* for control of wilt on tees, greens and fairways.

Certified Laboratories shows *Certifen*, a soil sterilizer; the *Centurion* portable sprayer; *Turf Edge*, a chemical edger and *L.T.F.*, a liquid turf fungicide.

Chemagro, Div. of Baychem Corp. showing *Dryene* and *Dexon* fungicides, *Dasanite* nematicide and *Dylox* and *Baygon* insecticides.

Chipman Div. of Rhodia, Inc., offers the *Chipco* line of chemicals: *Spot*

Medalist 2[®]

SOUTHERN GOLF COURSE OVERSEEDING MIXTURE

For Championship Greens All Winter Long

A fine leaved perennial ryegrass mixture formulated especially for fall overseeding of bermudagrass greens. Proven reliability — over seven years of testing and research.

FAST ESTABLISHMENT

The fine leaved perennial ryegrasses in Medalist 2 germinate quickly and uniformly to provide a playable surface in the shortest possible time. Lessens the risk of wash-out and erosion.

DARK GREEN COLOR

Keeps its color even after hard frosts right on into early summer when bermudagrass comes back.

TRAFFIC TOLERANT

Withstands more heavy traffic than annual ryegrass and *Poa trivialis* formulations. Less wear around the cup and faster recovery from heavy play.

PUTTS TRUE

Smooth playing surface when you need it most—during winter when traffic is likely to be the heaviest. Unlike common ryegrass, Medalist 2 grows slower, more upright and does not stool in late season.

DISEASE TOLERANT

Tolerant to a wide range of turf diseases including cottony blight and dollar spot. Medalist formulas treated with KOBAN fungicide have shown almost complete resistance to *Pythium* during the seedling stage.

For more information circle number 143 on card

Elanco

Kleen fungicide; *Microgreen* liquid metallic nutrient; *Crab Kleen* crabgrass killer; *Turf Kleen* and *Bucril* herbicides; *Turf Herbicide D*; *Turf Herbicide MCPP* and *Chipco Spreader Activator*.

W. A. Cleary Corp., showing *Clary's 3336* and *Bromosan* broad spectrum systemic fungicides. Also, *Cad-Trete Granular* fungicide for snow mold control; *Grass Greenzit*, *MCPP*, *MCPP+2*, *4-D* herbicides; *Spotrete 75* per cent thiram fungicide.

Cloro-Spray Corp. introduces *Cloro-Spray Iron*, a liquid product containing 4.2 per cent iron to prevent chlorosis. Also, wetting agents, liquid fertilizers, chelating agents, anti-desiccants, seed sprays, cleaners, specialty lubricants and lubrication equipment.

Diamond Shamrock Chemical Company announces new formulation changes in its chemical lines, pending EPA approval. Also, *Dacthal W-75* and *Daconil 2787* now are available as flowable liquids. In addition, *Daconate* and *Dacamine* herbicides will be shown.

Dow Chemical Company offers *Dursban 2E* insecticide for control of chinch bugs, sod webworms and insects on shrubs; *Zectran 2E* emulsifiable concentrate, multi-purpose insecticide for control of snails and slugs, and *Fumazone* nematicide.

E.I. DuPont de Nemours & Company, Inc., offers the *Tersan* Disease Control Program: *Tersan SP*, *Tersan 1991* and *Tersan LSR* turf fungicides.

Eagle-Picher Industries, Inc., makes *Dialoam Super Fine* soil conditioner especially designed for top dressing and *Dialoam Adiatomaceous* earth soil conditioner.

Elanco Products Company makes *Treflan* ornamental pre-emergence herbicide and *Balan* granular turf herbicide.

Hercules, Inc., makes *Nitroform 38-0-0* nitrogen ureaform fertilizer in two forms: *Blue Chip* granular for mechanical spreaders, and *Powder Blue* for sprayable ureaform.

Loft-Pedigreed Seed Company, Inc., features certified *Kingstown Velvet* bentgrass; certified *Baron Kentucky* bluegrass; *Jamestown* red fescue; *Exeter Colonial* bentgrass and *Manhattan* perennial ryegrass.

3M Company makes aquatic algaeicides under the *Mariner* name: *Mariner System A* for plankton algae, *Mariner System M* for filamentous algae.

Mallinckrodt Chemical Works introduces *Fungo* systemic turf fungicide and *Emblem* fairway weed herbicide. Other products include: *Auragreen* and *Cadminate* fungicides; *Calo-Clor* mercuric chloride fungicide; *Calo Gran* dry granular mercuric fungicide; *Koban* fungicide for *Pythium*; *Kroma-Clor* fungicide; *Kromad* fungicide; *Tres-San* broadleaf weedkiller; *Thiramad* fungicide for brown patch, dollar spot and snow mold; *Tobaz* systemic fungicide; *Pro-San* fungicide for *Poa annua*; *Pre San* preemergence herbicide and *Vitalon* foliar colorant.

The Milwaukee Sewerage Commission features *Milorganite*, a natural organic fertilizer.

Merck Chemical Division features *Mertect 140-F* ornamental and turf fungicide.

National Chemsearch showing *Fenocil* sterilant; *Grotard* growth retardant; *Watrol* aquatic weed killer; *Ferate*, a liquid iron compound. Plus, *Nimrod* portable sprayer with 3½ hp gasoline engine.

Oil-Dri Corp. of America makes *Terra-Green Soil Conditioner*; *Terra-Green Special Top Dressing* and *Terra-Green Jumbos*.

Par Ex Professional Products, Swift Agricultural Chemicals Corp. Features *IBDU* controlled release nitrogen.

Plant Marvel Laboratories offers free a 25-pound bag of water-soluble *Bent Special* to every superintendent. Also, the *Nutriculture* formulas, containing sequestered trace elements, for liquid feeding of turf. Dissolves totally in water.

ProTurf Div. of O.M. Scott &

the Hahn Tournament "greensmower."

(a great understatement)

Since Hahn revolutionized greens maintenance with the Tournament Triplex System, so much has been written and said about its versatility—fast interchangeable Verti-Cut heads, spikers and utility mowers—we've been guilty of understating the beautiful way it cuts greens.

What makes the Tournament Triplex so beautiful a greensmower are features like: Individual lifts for each of the heads to make perimeter tracking a problem of the past • Reel speeds independent of ground speed to insure a higher rate of clip • Cable driven heads that

eliminate high-pressure hydraulic leak dangers • Proper weight distribution to give traction up and down the steepest slopes, even while pulling a dump cart • Good visibility of up-front reels to eliminate "guessing mistakes." And much, much more.

Contact your Hahn distributor for a demonstration. There are two models: the Tournament Deluxe with speedometer and tachometer . . . and the economical Tournament II. Both use the same interchangeable heads; both pay for themselves in time and labor within a year.

Impact of excellence

The major effect of building a better product is the increased capability of the user of that product to do a better job. Excellence begets excellence!

The Moody Impact Pop-Up Sprinkler for large area sprinkling provides the extra measure of efficiency for grounds maintenance men. Special features include: built-in surge protector to prevent head damage ... exclusive high flow stainless steel spindle ... exclusive long wearing Turcite and Turcon thrust bearing washers ... parts standardization, with parts for full and part circle heads completely interchangeable ... positive reversing mechanism ... retracting spring to insure positive pop-down when water is turned off ... outer sweep and inner sweep nozzles set at dissimilar angles to prevent stream interference ... completely removable internal assembly from above ground for easy field maintenance.

It is a product of excellence; ergo, it does an excellent job!

ANAHEIM from page 67

archives. The season in winter runs from September to June, 10 a.m. to 6 p.m., Wednesday through Friday; 9 a.m. to 7 p.m., Saturday and Sunday. Closed Monday and Tuesday.

Knott's Berry Farm, 8039 Beach Blvd., Buena Park, 827-1776. The Ghost Town is a reproduction of a mining town of the early 1800s. Fiesta Village contains Gypsy Camp and the John Wayne Theatre. There is also a full-size replica of Philadelphia's Independence Hall. Cordelia K is a white side-wheeler. Eating is taken care of by the Chicken Dinner Restaurant or Steak House; there also are many short-order snack stands dotting the area.

Japanese Village, 6122 Knott Ave., Buena Park, 522-8353, 523-2381, 944-7811. There are numerous shows and attractions here to entice adults and children alike. Tiger Show includes Bengal, Siberian and Sumatran tigers performing without gun, whip or chair; Dolphin Show in the 2,500 seat Sea Theatre; Karate Exhibition performed by experts. Bear Show, Sea Lion Show, Samurai Show, Japanese Tea Ceremony, Mingei Craft Center, are other entertainments. Hours: 10 a.m. to 5 p.m., closed Friday. Admission for adults: \$3.25; parking, \$.50 a car.

Lion Country Safari, Irvine Ranch, 553-2692, 879-2692. A 485-acre tract makes up this unusual "zoo," which allows motorists to view unobstructed free-roaming lions, elephants, cheetahs, rhinoceros, giraffes, zebras, hippos, primates and many species of antelopes and birds. (The Lion area, until recently, was the home of Frazier, the sensuous lion.) Included is Safari Camp where visitors may ride on a Zambezi River Cruise, the African Express miniature railroad, or hippo-shaped pedal boats. Also there are the Rondavel Restaurant, Native Village, a bazaar with African artifacts and a Jungle Playhouse. Open every day, until sundown.

TRANSPORTATION

Air: From the International Airport, Orange County and Long Beach Airports: **Airport Service, Inc.**, 776-9210, provides coach service to the airports; schedules about every 30 minutes to Anaheim. **Bus:** **Greyhound** maintains offices in Anaheim, 635-6800. □

WILL THE REAL MANHATTAN RYEGRASS, PLEASE STAND UP!

Manhattan perennial ryegrass is a fine textured perennial ryegrass developed by Dr. Reed Funk, Rutgers University. This new, improved, fine textured grass is genetically pure and great care is taken by Manhattan Association growers who plant only foundation seed stock. The seed is produced by members of the Manhattan Ryegrass Growers Association who agree to strict rules of growing, to protect the crop from cross-pollination and other contaminants.

The seed produced by these growers is closely watched and both field certification and seed certification are required before the seed is released to you, the customer.

Any seed bearing the name "Manhattan" but which does not carry certification tags may not be truly Manhattan. The variance could be drastically untrue of variety.

For your protection — buy only Certified Manhattan; why take a chance on imitations?

The greenskeeper's greenskeepers

Hudson Peerless™ power sprayers are "at ready" all the time—on the course, or in storage.

Two features almost eliminate down-time caused by stoppages from clogged nozzles, inoperative or sluggish pump:

1. Nickel stainless steel-clad tank—won't rust, corrode or scale. Flushes out clean, too.

2. Our Ten-O-Matic® pump. Has no gears, sliding pistons, packing cups, exposed working parts. Three moving parts run in oil. Output up to 10 gpm. Pressures up to 400 psi.

It's a husky worker. Sprays up to 30 feet of fairway at a pass. Reaches high into dense trees. Just right for feeding or "blowing" greens for grubs.

You can get a complete line of accessories—booms up to 30 feet, any

length hoses for gun attachments, tandem wheels with soft tires so easy on turf. Models up to 300 gallons capacity.

Write us for full details.
