

Westinghouse golf cars were tested on the toughest courses to make sure they'd stand up on yours

Hills. Distance. Rough terrain. The Westinghouse electrics have power to spare. They're built to take it. Day after day. On a simple overnight charge.

For more information write: Westinghouse Electric Vehicles, Westinghouse Building, Gateway Center, Pittsburgh, Pa. 15222. ME-8-73

Westinghouse golf cars tamed the Bonneville Salt Flats. 33.9 miles without recharging.

Westinghouse golf cars topped Pikes Peak. A grueling 12.42-mile climb.

Westinghouse golf cars tackled the Baja. 50 miles of tough rugged waste. All tests sanctioned by the U. S. Auto Club.
