## Reduce turf maintenance costs with these two Royer machines

**SUPERINTENDENT SOIL SHREDDER**—for preparing soil mixes. Mobile soil processing plant shreds, blends, aerates and cleans up to 15 cu. yds. of soil mixes per hour. Mechanically loaded unit features automatic and continuous trash removal. High discharge serves direct truck-loading. Request Bulletin S-120 for complete details.

**POWERSCREEN**—for preparing top dressing. Unit combines vibrating screen and elevating conveyor that improve quality, speed production of top dressing preparations. Large, sloped-deck screen produces uniformly fine, clean dressing suitable for high-speed spreaders. High-discharge conveyor eliminates manual truck-loading. Request Bulletin PS-42 for complete details.

## There's a Cyclone for almost every seeding and spreading job

### • Versatile • Dependable • Easy to Use

Cyclone Spreader/Seeders save time—save work—save materials. They broadcast at precise, recommended rates—up to 5 times faster than ordinary spreaders. Cyclone Equipment is widely used for seeding, fertilizing, applying granular insecticides, herbicides, ice melters, soil conditioners, dust control materials, etc. Comprehensive

spreading charts are included with all models.

It's results that count! And for best results—use Cyclone Equipment. Contact your Cyclone Dealer or Jobber today, or write us for full information on the dependable, versatile Cyclone line. We have broadcast spreading equipment to fit almost every need.

Manufacturers of Broadcast Spreading Equipment since 1868—more than 100 years of service

# Medalist<sup>®</sup> 2

SOUTHERN GOLF COURSE OVERSEEDING MIXTURE

## For Championship Greens All Winter Long

A fine leaved perennial ryegrass mixture formulated especially for fall overseeding of bermudagrass greens. Proven reliability — over seven years of testing and research.

### FAST ESTABLISHMENT

The fine leaved perennial ryegrasses in Medalist 2 germinate quickly and uniformly to provide a playable surface in the shortest possible time. Lessens the risk of wash-out and erosion.

### DARK GREEN COLOR

Keeps its color even after hard frosts right on into early summer when bermudagrass comes back.

### TRAFFIC TOLERANT

Withstands more heavy traffic than annual ryegrass and *Poa trivialis* formulations. Less wear around the cup and faster recovery from heavy play.

### PUTTS TRUE

Smooth playing surface when you need it most—during winter when traffic is likely to be the heaviest. Unlike common ryegrass, Medalist 2 grows slower, more upright and does not stool in late season.

### DISEASE TOLERANT

Tolerant to a wide range of turf diseases including cottony blight and dollar spot. Medalist formulas treated with KOBAN fungicide have shown almost complete resistance to *Pythium* during the seedling stage.

## JACK FROST

### PLAN YOUR SPRING VACATION EARLY

Pack away your overly wet greens that are susceptible to SNOW MOLD and WINTER INJURY and treat with 1-Gal. AQUA-GRO GRANULAR per 2000 sq. ft.

### NO SPRAY EQUIPMENT OR WATER REQUIRED

Yes, you can make a late fall application of Aqua-GRO Liquid, but with AQUA-GRO GRANULAR you can *still* treat the greens during that mid-winter thaw when your spray equipment is shut down.

Spring is just around the corner . . . keep AQUA-GRO GRANULAR on hand to drain the greens when that wet moment arrives.

## LARSON SPRAYERS & SPREADERS for versatile grounds maintenance

Model RM3-T Sprayer

Here's a sprayer that handles herbicides, fungicides, insecticides or fertilizer in a fast, labor-saving way to keep everything under control on greens, fairways, roughs and even around the clubhouse. This 3-point hitch sprayer can cut your golf course maintenance costs! Spray hand-guns and other accessories are also available.

Model 413 "Piggyback" Spreader

This tractor mounted 3-point hitch unit spreads milorganite, fertilizer or seed faster—uniformly! For greener turf from tee to putting green, the swing is to the LARSON LINE. First choice of knowledgeable golf course superintendents and other professional turf men on many of the country's finest golf courses.
