Only the Otis® Golf Car gives you all of the above features plus:

- Low center of gravity.
- 4-wheel stability.
- All-electric—over 54 holes of play without recharging.
- Welded tubular steel frame.
- Automotive-type steering for control and maneuverability.
- Exclusive spring-loaded bag racks.
- Dependable hypoid final drive.

Whether you're buying one car or a fleet, take this list with you when you shop, and you'll be sure to choose the Otis Golf Car. See it now at any one of a nationwide network of dealers.
