

The 56th PGA National
Championship was played on
PENNCROSS greens!

PENNCROSS BENTGRASS
the greens that made beautiful
TANGLEWOOD
Playable and Professional

- Today's most popular, widely adapted variety
- More genetically uniform and poa-free seed
- Germinates fast, establishes quicker, thicker
- Superbly consistent, less grain for true putts
- Greens up earlier, holds summer color better
- Proven poa annua and disease competitor with vigor to withstand heavy play
- Best bentgrass for year around putting in the south
- Upgrade greens by overseeding

THE GRASS
