

WINE is fast becoming the biggest beverage in the country club market. Three wines, American Burgundy, Rosé and Chablis at moderate prices, are now offered from Great Western. The wines are available in both fifths and magnums. Great Western also offers free table tent cards for the club manager that promote wine by the carafe to the dining member.

LIGHTWEIGHT and featuring a body molded of durable linear polyethylene, the Lawn Cart from Specialty Manufacturing can carry a load up to four cubic feet in capacity. The unit rolls easily over soft or rough terrain on two-eight inch diameter tires.

Circle 711 on free information card

CLUB snack bars and way stations can become more colorful with the addition of contemporary, space-saving booths by Plymold. Easy to install and maintenance-free, Ply-

mold booths have colors that are permanently bonded and never need refinishing. Seats are available in lengths 23" to 59".

Circle 712 on free information card

OFFERING a clean, solid feeling as the face connects with the ball, iron heads constructed of beryllium nickel are the latest for the equipment market from KBI. Heads are designed to allow contact between ball and club to last a split second longer to give a more complete transfer of spring energy from club to ball. Irons resist dents, nicks, and normal wear.

Circle 713 on free information card

VISIBILITY and safety are two of the features in the new trap rake from Lesco. Available in either black or yellow, the rakes are 14" long, packaged 10 to a box. The spike is molded into the rake head, instead of the handle. Handles are smooth sanded and have two coats of paint.

Here's the new riding mower that thinks it's a walking mower.

Like all of us Jacobsen Distributors, you'll find Earl Cain (of Lawn & Garden Supply Co., Phoenix, Arizona) eager to tell you about Jacobsen's new 70" Triplex mower.

We're all pretty excited about this brand new mower that mows and trims areas like they were done by hand.

Because of its maneuverability

and design, you can move it in close to shrubs and trees for those touchy trimming jobs. Just like a walking model.

The mowers are fully articulated to follow the contours of uneven ground. And the constant-speed reels give any turf a finish a barber could be proud of.

There's a technically advanced hydrostatic drive, with

both forward and reverse, that produces over 7 MPH in transport speed, and up to 4 MPH in mowing speed.

Ask your nearby Jacobsen Distributor about the new 70" Triplex mower. When it comes to mowing and trimming turf areas, it sure beats walking.

Your Jacobsen Distributors.

Great products deserve great service.

For the name of the distributor near you write: Jacobsen Turf Distributor Directory, 1721 Packard Avenue, Racine, Wisconsin 53403
