

Make your ponds look better. And maybe smell better.

If the ponds on your golf course are unattractive or smelly, and your budget for improvements is limited, don't despair.

With the right Otterbine Spray Sculpture™ floating fountains you may be able to turn your ponds into cleaner-smelling showplaces. Without having to float a big loan.

Dynamic spray displays.

Otterbine floating fountains whirl placid pond water into dynamic, free-standing spray displays that delight the eye. Available Spray Sculpture™ shapes include towering plumes. And low, lacy floral patterns.

Helps control odors beautifully.

Otterbine floating fountains may delight the nose, too. As they beautify

ponds, they help oxygenate and mix their water. This helps control unpleasant odors. And it may keep algal growth under control as well.

No plumbing needed.

Otterbine floating fountains are available in ½, 1, 2, 3 and 5 horsepower sizes. Just tow them into position, moor or anchor them in place, and make electrical connections in accordance with applicable codes. No plumbing is needed.
