

A little

BANVEL[®] kills

herbicide

lots of weeds!

**Buy BANVEL +2,4D to kill weeds at lower cost.
You will be very happy
at the economy and the results.**

BANVEL[®] herbicide is one of the best broadleaf weed control chemicals available. We formulate it in combination with proven additives to extend its coverage over a broader spectrum of weed pests.

For example, BANVEL[®] + 2,4D gives excellent weed control with only one application annually. The label rates for lawns are 2-3 pints per acre, for control of more than two dozen common turf weeds, including dandelions, poison ivy, chickweed and clover.

For complete information, including cost comparison data and specimen label, contact your nearest Velsicol turf distributor, or mail the coupon to Velsicol Chemical Corporation, 341 East Ohio Street, Chicago, IL 60611.

ORGANIFORM

...granular, high-analysis
organic fertilizer.

Since 1969, Organiform* has been a well-accepted, high-analysis, high-WIN organic. Organiform provides flexibility and can be used for direct application for bulk blending or as an extender for other organics. If you are looking for a new slow-release, high-WIN-type material, please contact your nearest Baker representative.

| 7 | Loretta | 5.40 |
| 8 | Caravelle | 5.29 |
| 9 | Eton | 5.25 |
| 10 | NK 200 | 5.12 |

1975-1976

| RANK | | YR. AVE. |
|------|-------------|----------|
| 1 | Derby | 6.00 |
| 2 | Yorktown | 5.60 |
| 3 | Diplomat | 5.50 |
| 4 | Yorktown II | 5.40 |
| 5 | Manhattan | 5.20 |
| 5 | Pennfine | 5.20 |
| 5 | NK 100 | 5.20 |
| 7 | NK 200 | 5.10 |

Derby is the turf-type perennial ryegrass that first joined the "highly preferred" list of ryegrasses and now seems to be setting the standard for excellence against all comers. Derby performs in all rating categories such as density, mowability, texture and turf quality. It does, in fact, out-perform some varieties in categories those grasses have historically claimed as their special area of strength.

It's also noteworthy that Derby has distinguished itself as a winter grass in other University tests as well as on golf course greens and other fine turf all over the South.

Debris never had it so bad.

Beer cans, cigarette butts, twigs, bottles, matted grass clippings and rocks look pretty ugly on a beautiful turf.

But picking them up hasn't been all that easy. (Ever try to get hold of wet leaves in wet grass?)

Then along came Jacobsen's unique rubber finger pick-up system. You'll find it used on all six of our Sweeper models. They pick up just about everything that you'd call debris, including branches up to 3" in diameter.

Patented rubber pick-up fingers are the worst thing that can happen to turf debris.

Even wet leaves in wet turf.

Besides having incredible rubber fingers, our big 700 Series models sweep a 5-foot swath, and have hoppers with a hefty 5-cubic-yard capacity.

Our models 720 and 730HL are PTO driven. The 730HL has a hydraulic dumping system that saves labor and time by dumping directly into a truck instead of on the ground.

Our models 720E and 720E-HL come with 12 HP or optional 14 HP engines, and can be pulled by any vehicle. The 720E-HL also has a hydraulic dumping system.

Then, our smaller 154 Riding Sweeper and 154T Towed Sweeper both sweep a 48" swath, and dump manually.

Five sweepers have the optional Curb Broom that cleans up parking lots fast. And all models offer the Thatcher Thinner

attachment that lets you thatch and thin turf while sweeping. Plus other options you might want.

To find out about the most complete line of Turf Sweepers

Hydraulic dumping feature of HL models can dump at any height up to 8½'.

being made by anyone, ask your Jacobsen distributor for details. What he has to say is bad for debris.

And that's good for you.

Jacobsen Manufacturing Company, Racine, Wisconsin 53403

JACOBSEN

Take a look at leadership.

New From Square Two Golf Corporation:
**“Stick it to ’em”
 Head Covers.**

Vinyl or Knit, these new head covers are tangle free.
 They stick together, so you’ll never lose another.

Vinyl

Knit

Slap a new Square Two head cover against its mate, and it sticks! The Velcro numbers do the trick. If you’ve ever left a head cover on the fairway, or ruined your pants stuffing one into your back pocket, your troubles are over.

These new “Stick it to ’em” head covers hang together to end those problems.

The sturdy vinyl covers come in 10 attractive colors, with white numerals and white piping.

The handsome knit covers, in 8 basic colors, come with contrasting pom-poms and easy to read velcro numerals, on contrasting vinyl emblems.

Both packed in sets of 3 or 4 in poly display bags.

And you’ve never seen a better looking price tag.

If the Square Two rep in your area hasn’t gotten to you yet, you may order directly from us with the coupon below.
