Spike-It!

Wellco's Club Champion Carpet comes with a Zeftee™ 5-Year Anti-Golf Spike Wear Warranty.

Not a detail's been overlooked or a compromise made in creating this high-performance, smart-looking carpet.

Closely-spaced 100% Zefran® nylon fibers are "locked" into the backing for extra tuft support.

Spikes can't push through the pile, weaken the backing and loosen the tufts.

The lush, thick carpet you start out with won't show more than 10% surface wear for at least 5 years. And that's under heavy traffic.

What's more, static stays under control. And soil — even the heavy soil that gets tracked in during wet weather — cleans up easily.

Write or call the Club Champion pro at Wellco for additional information.

Zeftee™ Anti-Golf Spike Wear 5-Year Free Replacement Limited Warranty Traffic Class III Golf Club Commercial

Dow Badische Company warrants that for five years from the date of original purchase, Zeftee certified carpet when installed and maintained as recommended by Dow Badische will retain at least 90% of its pile fiber, subject to the following limitations: the Warranty does not cover tears, burns, cuts, or other damage due to improper use; the application of improper cleaning agents or maintenance methods; or carpet installed on stairs or ramps. It is applicable to all indoor use areas of the golf club, including those areas subject to golf-spike traffic. Zeftee Warranty covers fiber loss only and does not cover or imply protection against matting, pilling, color change, or other characteristics of aesthetics or appearance retention except where due to fiber loss in excess of the Warranty limits. If dissatisfied with the wearability, the owner must notify the carpet manufacturer and permit Dow Badische to test the carpet. If the carpet is found to have lost 10% of its pile fiber, Dow Badische will replace the original carpet in the affected room or area, free of charges, including installation. This Warranty is valid only for direct glue-down installations.

The above warranty and remedy are in lieu of any others, express or implied, including warranties of merchantability and fitness for a particular purpose and remedies for incidental or consequential damages.

INTRODUCING THE LOGICAL ALTERNATIVE TO THE WAY MOST CLUBS CARRY INSURANCE.

Many private golf and country clubs carry insurance which is, quite frankly, below par. They have different policies covering different hazards. This is not only inefficient, but chances are the policies overlap, or even worse, leave gaps in important protection.

Now you can protect your entire club with a program that's specifically tailored for clubs.

Commerce and Industry's Club Insurance.

It can cover your club for fire, theft, bodily injury, property damage liability and more. We can even offer hole-in-one coverage. There's simply no better way to insure your club.

To learn more about the advantages of C&I's Club Insurance, just mail in the coupon below. And play through all the hazards like a pro.

C&I's Club Insurance is available to private golf and country clubs chartered in the United States and is not limited to membership in an organization of any sort. It's available on a brokerage basis to all licensed producers.

You don't have to be a regular producer to place business with an AIG company.

Available in most states.
