

THE EAGLE IS COMING!

# NEW PENNEAGLE

ALL-PURPOSE CREEPING BENTGRASS

**At Last! One Grass That is  
Designed to Cover Your  
Entire Course...Tees,  
Fairways and Greens!**

Hole #6 on the 4th nine at Congressional Country Club, Bethesda, Maryland had tees and greens seeded to Penneagle in September of 1977. Penneagle green was opened for play in June of 1978.

Developed by  
**Dr. Joseph M. Duich**  
PENN STATE UNIVERSITY

**18 YEARS  
OF RESEARCH**

**5 YEARS  
OF TESTING**

When a new grass is developed with the extensive research and testing that has gone into Penneagle Creeping Bentgrass it has these selected attributes of a great golf course grass. We say it's great for the entire course from tee to green. Penneagle is one grass that makes course management easier through mowing schedules, watering schedules and fertilizing schedules.

**PENNEAGLE:**

1. Has a broad genetic base for greater climatic adaptability.
2. Is not overly aggressive, but competitive with *Poa annua*.
3. Has tight, more upright growth characteristics.
4. Is finer leaved than most creeping bents.
5. Has excellent putting and playing qualities.
6. Was bred for disease resistance.

Available this fall in limited quantities.
