

THE LITTLE TRACTOR THAT CUTS ANY WAY YOU LIKE IT.

At John Deere, we call the 850 and 950 our "little-big" tractors.

Because even though they're smaller and less expensive to buy and operate than many other tractors being used for parks, golf courses and other large-acreage mowing jobs, they've proven that they're more than big enough for the job. The 22-PTO-hp

850 and the 27-PTO-hp 950 have all the power you need to handle just about any kind of attachment. And both have versatile 8-speed transmissions that fit a wide range of jobs.

We offer 4 different mowing attachments alone: rear-mounted rotary cutter, flail mower, sickle-bar mower and center-mounted rotary mower.

So whether you're cutting fairways, roadsides, parks, pastures, ditches or whatever, we can match the attachment to the job.

We also offer a choice of tire sizes and styles. And your John Deere dealer is a man you can count on for parts, service and good advice.
