

Power on the fairways, finesse around the green.

It's never hard to spot the pros—The International® 184 and 284 compact tractors are as professional as you can get. The 18.5 hp., 184 has a low and wide stance that delivers precision, agility and stability wherever you need it. The 284 Compact Tractor's husky 28 hp puts turf-commanding power in your hands for those big wide-open jobs. Built simple and solid, these tractors are engineered to minimize maintenance and downtime. And with a long list of attachments there's practically no job they can't do. Check out the International 184 and 284 at your nearest International Harvester dealer.

For professional results, trust a seasoned hand.
