

One of the prizes

We think that the resources available to you at golfsat.com are so valuable that they're, well, as good as gold. And to prove it we're giving away gold and a limited edition 2001 Ford Harley-Davidson® F-150 pickup just for checking out golfsat™!

Enter golfsat's Virtual Goldmine Giveaway.

In addition to the truck, we're giving away two US Eagle solid gold coins every day during the sweepstakes. Simply register as a user on golfsat.com. That's it— you're entered. Want to enter again? Just log on. Each time you log on after registration you'll get one sweepstakes entry.

Recommend a superintendent buddy to us and pick up 50 entries. Add 200 more for each supplier recommendation. Plus, every time you place an order with golfsat you'll get 50 more entries, and you'll be entered into that day's gold coin contest. Each entry also puts you in the running for one of five expense paid trips to the GCSAA show in Dallas where you'll draw for the truck!

Start piling up entries for your share of the gold, and start cashing in on all the benefits of being a registered member of golfsat. Grab your mouse and get to www.golfsat.com right now!

NO PURCHASE NECESSARY to register at the golfsat web site or to enter the Sweepstakes. Enter between 11/27/00 and 1/26/01. Restrictions and qualifications for participation in this promotion may apply. Sweepstakes open only to golfsat registrants who are verified as employed as a golf course superintendent. See Official Rules on entry form by visiting www.golfsat.com. Sweepstakes void where prohibited.

Switch from Dursban Longer Residual and Guaranteed.

"I've fallen, and I can't get up!"

Talstar insecticides can be used just about anywhere you use Dursban.*

Talstar® insecticides are the replacement for Dursban. But unlike Dursban, they are guaranteed** to provide long-lasting performance against a broad spectrum of insects, or your money back. And you can use Talstar® insecticides on lawns and landscape ornamentals, for perimeters and just about anywhere else you'd use Dursban.

Talstar® insecticides are formulated with the active ingredient, bifenthrin, a low-dose pyrethroid, which contains no alpha-cyano group. That means they are also less likely to cause the skin irritation experienced with other pyrethroids, and won't cause throat irritation. Plus, they're easy to handle and at label rates, are odor-free.

Golfdom's Joke of the Month

Turn to **Golfdom Classifieds**

every month for great deals and one of our favorite jokes!

THREE OUT OF FOUR SEASONS RECOMMEND REGALSTAR.

RegalStar® is the perfect pre-emergent for spring. It's also terrific for summer and outstanding for fall. And those three seasons – spring, summer and fall – just happen to be peak golf seasons. Coincidence? The golf superintendents who use RegalStar don't think so. They've made RegalStar *their choice* to keep their turf strong and healthy all seasons long, because RegalStar promotes hearty roots and

speeds recovery from all kinds of unexpected injuries: nematodes, heavy play, even Old Man Winter. It protects against all major grasses and broadleaf weeds while providing the best turf fertility and quality available. It's safe to use, whenever you use it. And, no coincidence at all, it was designed especially for golf courses. Leave winter to the penguins, but spring, summer, fall – leave them to RegalStar!
