## 56 PC 101

Consider these steps when purchasing a new computer.

By Mark Luce

## cover story

BY LARRY AYLWARD

E-commerce has arrived with a number of players. But will it change the way the golf course maintenance industry does business?

### About the cover

He ain't Stuart Little, but the mouse model on our cover may be destined for stardom. Cleveland photographer Karen Ollis, and her assistant Sarah Ryan, used the mouse and their excellent shutterbug skills to creatively depict the status of e-commerce in the industry. Yes, the mouse got the cheese at the end of the day-long photo shoot.

# Introducing...

## THE NEW INDUSTRY STANDARD FOR FOLIAR FERTILIZERS AND MICRONUTRIENTS

### EMERALD ISLE NUTRI-RATIONAL™ FOLIARS

*Don't use yesterday's technology. Today's fertility problems eclipse those of even a few years ago because today's maintenance standards are so much more intense. Today's problems require Nutri-Rational solutions...based on the most advanced chemistry and a better understanding of turf physiology and plant nutrition.*

**By every standard of measurement,  
Nutri-Rational™ Foliars are better:**

- Higher quality components
- Superior delivery system
- Better tissue penetration
- Excellent foliar absorption
- Fastest intake and transit time
- Enhanced nutrient availability
- True efficiency
- Best value

Emerald Isle Nutri-Rational Foliars give you more control over fertility management than you ever thought possible. **Put Science On Your Side!** Call us for the latest information.

# King of the hill.

(As well as the side-hill, the bunker edge, and of course, the monster mogul)

You don't stay on top by standing still. Which is why the John Deere 2653A Utility Mower, often cited as the best three-gang utility mower in the business, has gone through a number of improvements. The new cutting unit motors have improved load plates, seals, and in-line hydraulic ports

for better oil flow within the motor. Which improves cutting operations, especially when scalping or verti-cutting. A new reel pump on the 2653A makes for a more responsive hydraulic system. A new backlap valve eliminates the need for an auxillary shut-off valve and time delay unit. And a

new remote air restriction indicator has a sight glass to show if servicing is needed. It all adds up to a machine with enhanced performance and durability. To see how the best got even better, call your local John Deere distributor for a demonstration or 1-800-537-8233.
