

Penn A-4 at Tiffany Greens

Mark Pierce, Superintendent
Tiffany Greens GC
Kansas City, MO
John Q. Hammons Development

“Our Penn A-4 greens at Tiffany Greens earn rave reviews. Meet some of the reviewers.”

“Open less than two years, Tiffany Greens not only hosts a Senior PGA Tournament, but our semiprivate course also is subjected to approximately 33,000 rounds each year. With this many potential putting surface critics, none are more particular about our greens than the maintenance staff here at Tiffany Greens. With our region’s unpredictable weather—frigid winters to humid, seemingly endless summers—Penn A-4 creeping bentgrass continues to be a champion in our eyes. Our Penn A-4 greens thrive when the going gets tough. With good heat tolerance and practically worry-free disease resistance, it is without a doubt the right putting green grass for us.

Penn A-4’s relatively effortless nature continues to grow on us as time goes on. We have no trouble maintaining a true, smooth putting surface, and as it matures each season, we experience less vigorous maintenance practices.

Everyone here on our Tiffany Greens maintenance staff realizes how important putting greens are to the lifeblood of a golf course, and the many positive comments we receive every day make us proud to have chosen Penn A-4.
