“The dog days of summer aren’t so bad with Penn A-4. Just ask my sidekick Bogey.”

“When the thermometer rises in July and August, Penn A-4 performs its best. Members can’t believe how true and consistent these greens putt even in summer heat. They go out of their way to compliment me on these greens—which is great to hear from members who play worldwide.

“The best part is we don’t have to beat our brains out to keep them that way. I treat all greens the same over the entire course, and the first green putts the same as the 18th. With weekly light top-dressings, our greens putt consis-

tently every day of the week. I’ve found that Penn A-4 withstands more foot traffic than other bents—a definite plus since half our rounds are played walking with caddies.

“Sometimes these greens surprise even me. Heck! Even Bogey knows there’s something special about Penn A-4 creeping bent.

During our hot, humid summer months, Penn A-4 makes work—and play—that much better.”
